TEASE!

THIS · MONTH · IN · CLUB

Noisy nights with Lee

As the nights draw in and Michael Fish starts wearing his wooliest jumpers, we here at Club sit back, throw another log on the fire and contemplate the larger issues of the world today. Issues like:

Why is Wales called Wales when there's only one of it?

Should it really be called Wale? Or just Shitheap for short?

If Y-fronts are really back in fashion does that mean we've all got to spend five minutes at the pisser fighting through that flap bit to get our willies out, all the time worrying that a) I'm going to wet myself and b) that guy over there probably thinks I've spent so long standing here without any pissing going on that I'm gay.

And if he does think I'm gay, will he a) come over here and force my head up the cistern inlet or b) say "Hi, my name's Gerald, would you like a coffee?"

And which is worse?

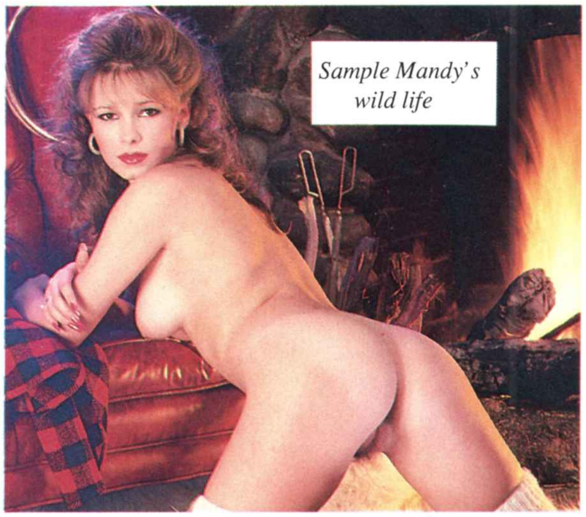
It's vital questions like this that concern us round here. But in the midst of all the chaos that is the modern world, we do at least know some things for certain - solid facts that we can rely on. Facts like these:

Even if Kylie Minogue was 350 feet tall, Garfield would still be the biggest pussy in the world.

Cary Grant had smelly feet.

The Alarm are the worst pop group in the world.

Chantal: Belgium boob binge



Sample Mandy's wild life

Rosie's got her cherry!

Leila: she's got us on our knees

Wendy's our Highland swinger

That guy who thinks he looks really cool standing at the bar in my local has a very small knob, because Angie told me so, and she's shagged everybody.

The sun will come up tomorrow.

The Sun will come out tomorrow. (Unless it's Saturday.)

If you don't get turned on by this issue of Club your willy has dropped off. (Or your Y-fronts are too tight.)

I am going to the pub right now before my brain explodes.

I think that about covers the serious bit. Now read the magazine - Ed. ♣

Alexis puts the chest in Manchester!

COME AGAIN

the girl you've asked to see

Michelle's very munchable bottom certainly caused a sensation when she appeared in Vol 18 No 10, and the lady herself was most flattered at being asked to show it off a second time. "In fact," she says, "these pics are specially for James of West London, Giles of Fareham, Ali of Carlisle and Nick of Liverpool - they can all come over and munch me any time!" ♣

IN·THE·BAG

We want to hear from you about what you like, what you did, where you did it, how good she was, or anything you reckon we might be interested in. Send your contributions to In The Bag, Club International, 2 Archer Street, London, W1V 7HE.

In The Dark

I wish to complain. There are not enough dark haired girls in Club! You seem to have a strong bias towards blondes. Now, I know you can't please every fetishist who sends in his sticky demands but I think you could manage a few more dark haired beauties - especially those with a good forest between the legs. So come on, chaps - buck your ideas up! - *Colin, South Yorks*

Our very own Assistant Ed Dominant Dowse is a brunette, so I'm sure she'll be applying the torture to make sure we do - Ed.

German Sausage

When my best friend Liz and I split up with our boyfriends recently, we decided the best remedy was a holiday and booked two weeks in Rhodes.

On our first night there, we dressed to pull - and did we strike lucky! We're both 18, blonde and pretty, Liz being the busty, curvy one, me the tall, slim, leggy one. We hit the clubs in high heels, clinging micro-minis and only tiny triangular panties beneath, and soon turned a few heads. As usual the boozy Brits just ogled and leered, leaving the hunky German guys a free crack at us. We couldn't believe our luck when two real hunks, tall, blonde and 100% pure beefcake, asked us to dance. Rolf and Hans were 25 and twins, and Hans soon lived up to his name, caressing my buttocks on the dance floor.

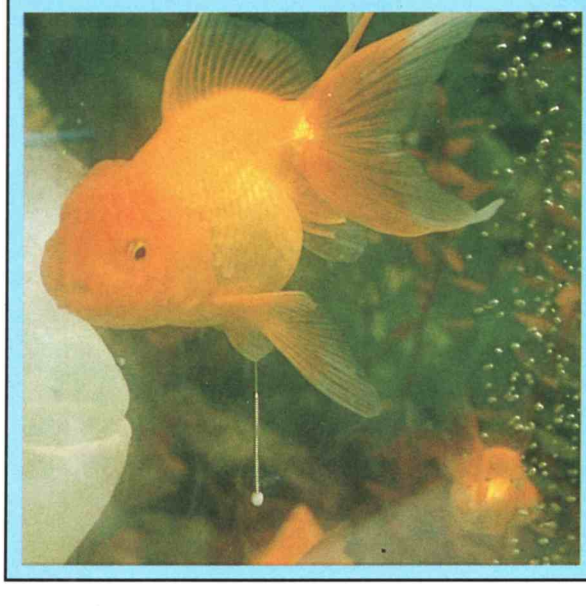
We're not usually easy lays but neither of us were going to turn down these gorgeous guys. By midnight we were all back in our apartment. Luckily there were twin beds, so Rolf and Liz began to tear at each other's clothes while Hans and I did likewise. I was down to my pink briefs watching Hans undress when I saw Liz, in white panties only, on her knees sucking Rolf's massive cock. I panicked, worrying that I'd picked the wrong guy, but when Hans dropped his pants I saw I'd worried unnecessarily. His cock was huge, easily nine inches long, and quite thick, easily dwarfing my ex-boyfriend's six inches, and soon the room was filled with the noises of both Liz and I sucking cock.

Next Hans expertly de-briefed me and I saw Liz's discarded lace panties on the floor while she and Rolf enjoyed a fierce, noisy 69. Hans, meanwhile, had a pillow beneath my buttocks and his head between my splayed thighs, giving my pussy a superb tonguing. His muff-diving was wonderful and I moaned and writhed beneath his quicksilver tongue, glancing over to see Liz, astride Rolf, spearing herself on his fat cock, moaning loudly, his hands kneading her big bouncy breasts.

Hans mounted me, hooked my legs over his shoulders and powered home his cock deep into my sopping slit. His strokes were smooth and steady, his cock thick, hot and hard, and soon I felt his balls noisily slapping my buttocks as he pistoned home his full length. I was deliriously happy, screaming as he shafted me, my fingernails drawing blood as I raked his back and shoulders when my climax shuddered through me, only seconds after Liz had screamed and come.

We were overwhelmed by their superb performance and slavishly agreed when Hans naughtily proposed a swap. Lusting for cock, we were both moved on to all fours, and now it was Rolf's thick tool which plunged into my pussy while Liz enjoyed Hans's extra length. Now the guys really hit

NUTTER'S CORNER



What would you do if you had a dying goldfish in your bowl?

1. Stick the frying pan on and get the oven chips out.

2. Push it down your under-crackers and pretend you're a woman.

3. Try and save its tedious life by sticking long pins into its spine.

Dr. Wu's number one answer is number three! But then what would you expect from a doctor who works at the *Garfield* Acupuncture Centre. (That's where he works, honest. It's a hospital in Alhambra, California... where else?) Let's face it, small orange cartoon characters aren't exactly known for their common sense and medical insight.

But there was method in the doctor's madness. Prodding the ailing aquatics succeeded in killing off the fungal infection that had knack'd them. Dr Wu is now inviting worried owners to bring along their woozy goldies.

***Our celebrities-doing-naughty-things Editor writes:* Wow - it's Gloria Rodriguez! Yes - it really is Gloria Rodriguez! Incredible, isn't it?!**

Who is Gloria Rodriguez? Er... Well, apparently she's released this record, though I'm not quite sure what it's called. Very good, though, I'm told. And she was in a rude video with some big pop star or other - you know, whatsisname. And she's done loads of other famous-type things as well. I'd tell you more, but when I phoned the guy who took the pic he was drunk and couldn't remember.

So there you have it. A total megastar, and another *Snapped!* scoop. And she's got really good tits too! Brill, innit? *(Shut up - Ed.)* ♣

Dear Penny,

I must confess to having seen you previously, but my only complaint then was that your shaven pussy only received the minimum of coverage. You can imagine my pleasure (you should have seen my cock rise to attention) when I bought Club and flicked through the pages to come across your set (believe me, I did).

From your first pictures of you showing us your sparsely covered fanny and inviting slit to the shaving sequence, and finally the end product of that shaven haven, had me wanking off like crazy. And what makes the Club set so special is your detailed description of how horny you became while shaving and how you felt the need to wank. I think it incredibly sexy to imagine you tossing yourself off - let's hope you are doing so now whilst reading this letter. - ***Ned, Edinburgh***

Of course I am, Ned - because reading sexy letters and stories always gets me really aroused. I love to imagine myself in the situations, getting licked out by a man (or more than one perhaps!). I bet you'd love to do that to me now, wouldn't you? I'm getting horny just thinking about it. **- Penny**

steamhammer pace and all Liz and I could do was hang on and enjoy being so totally rogered. Rolf was hard, fast but very skilful, varying the angle of his penetration, pausing to prolong my pleasure, shoving his thick cock around inside me, opening

What does a nice girl like Wendy do when men pay her the attention she deserves?

"Don't go on about how innocent I look," 19-year-old Wendy from Edinburgh told us. "I get really sick of it! It's true that I used to be a shy wallflower when it came to men, but not any more. I've really come out of my shell."

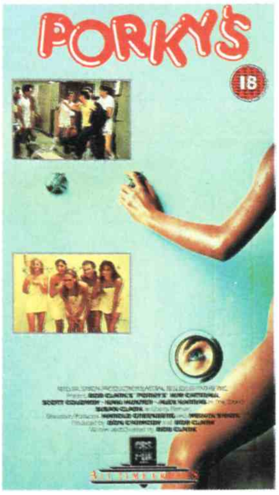
Would she care to elaborate?

"Well, I used to blush like mad if a bloke ever chatted me up or gave me the eye. But then I met my boyfriend - well, he's my ex now - and he taught me a few things that weren't on the curriculum! That was a year

ago, and now I love getting loads of attention from men, and knowing that they fancy me and want to go to bed with me. The only problem is that my boyfriend couldn't cope with the new saucy me - so I'm on my own again. And definitely on the lookout for willing guys!"♣

TAPED!

Our video viewer ***Allan Bryce*** *claims that he knows nothing whatsoever about sex. And after reading his column, we believe him.*



Was it Plato or Aristotle who said, "One off the wrist is just the thing to keep you in trim"? Well, I know it was one of the blokes from my local Kebab parlour anyway, and I've got to agree with him.

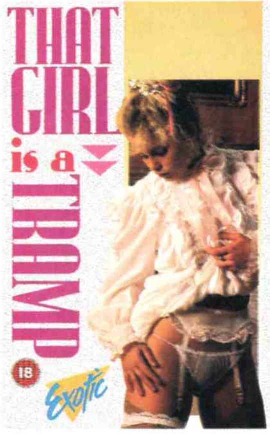
Let's face it, we all get a bit frustrated with our lot at times. I mean, look at Mr McX, a Scotsman of Tooting, who writes in to tell me: "My wife's so ugly that when she was born the doctor slapped her mother. Peeping Toms keep knocking on the door asking her to close the curtains. And I wouldn't say she's fat, but if she were a stripper she'd have to wear a G-rope. That's why I like to settle down with some of the videos you recommend in your column and have a damn good five knuckle shuffle." Absolutely.

Now we don't want to drag the level of conversation down into the gutter. After all, we're here to ponder the artistic and intellectual merits of the latest video releases, not to see how many different ways there are of describing a hand shandy.

But if you believe that sex is 99 per cent fantasy and one per cent friction, then you're certainly going to want to feast your bulging mince pies on **Playgirl**, a movie which is so packed with spicy action it should rate a place in *Fanny Craddock's Indian Cookbook*.

The story tells of a rich and famous playgirl (Veronica Hart) whose passionate desire for sex in all its various forms takes her through a series of perverse encounters with rock stars, authors and artists. It's quite an education watching her: did you know, for example, that teachers do it with class, that lawyers do it in their briefs, that carpenters do it with their tools, and town planners do it with their eyes shut?

Yes, you name'em and she has 'em. It's a wonder she doesn't end up walking like Roy Rogers. At times she's joined in the hot action by raunchy fellow porn queens Samantha Fox (no, not the one with big boobs who can't sing or talk proper), Tiffany Clark and Sharon Cain. And in fact all four of them get together for the movie's piece-de-resistance: a multi-layered knobbing session set in a snooker hall where the fellas display an even faster cue action than Hurricane Higgins. It's easy to see they aren't used to the game though - everyone knows you should *never* pot the pink before going for the brown...



Next we come very messily to VPD's **The Sexy Dozen**, a film which dares to ask the controversial question: "What is a four letter word, ending in k, that means intercourse?" Needless to say, the answer is 'talk', and there's a lot of it - all about as tastefully dubbed as your average episode of *Top Of The Pops* - in this steamy yarn of St Trinians' style school antics.

The story begins with sexy blonde schoolgirl Barbro Hedstrom getting into the horizontal two-step with her randy boyfriend on the living-room carpet. Her mum is furious to find them at it on the Axminster - particularly as she's just done the hoovering - and packs busty Babs off to an exclusive finishing school in the Swiss Alps to keep her out of mischief. This turns out to be something of a mistake on mum's part, because the place is such a hotbed of sin and debauchery that it makes Cynthia Payne's pad look like the headquarters of the Sally Army.

IN ARR

This month I'd like to draw your attention to four very exciting bottom noises. Firstly, the endlessly amusing crowd pleaser when a shapely female bum shifts its position in a leather

ARS

upholstered chair and unleashes a sort of *"Bwaaarpz"*. Classic.

Then there's the old 'sitting down on an air-inflated sofa' - a definite and resounding *"Pphoofsh"*, or sometimes a *"Ksheesh"* depending on the sofa/bum size ratio. Let's hear one of those again: *"Pphoofsh"*. Great!

Another favourite amongst the split-caser sound collectors is the bouncing *"Brroing, brroing, brroing"* of a soft set of half moons sinking into a well sprung double mattress (try and beat that on one of those arse-breaking futons - they might offer a firm base and a steady target for your aim but to an admirer of bum bashes they are a waste of time and energy).

And last, but certainly not least, is the squishy submarine delight of a squeaky clean tush on the bottom of a soapy bath tub - *"Dzaaerp, zeep"*. Marvellous!

So keep your ears open and your tape recorders on. There's plenty more split-caser sounds just waiting to be discovered. - *Billy Buttock*♣

After this, the plot stiffens with the arrival of Babs's fella, who smuggles himself into the school dressed as a girl and is promptly ravaged by a pack of rampant Lolitas. Why don't the teachers step in and save the poor lad? Well, because they're too busy going away at it like knives themselves: in fact, it would be fair to say that there's more banging going on in this particular seat of learning than you'll find at your average carpenter's convention.

Also on the VPD label we have **That Girl Is a Tramp**, a torrid tease starring two very beautiful young blondes named Bente Nielsen and Laura Viala playing a fine pair of sexy teens who run away from home and get jobs posing in the nude for the kind of seedy amateur photographers who don't have any film in their cameras. Before long, the lusty youngsters realise they could probably make a bit more money on the side by - wait for it - pinching wallets from their punters (see, you were wrong, weren't you?). To tell you any more of the story would be an even bigger crime against literature than this column itself - and besides, I fell asleep.

And finally we come to **Porky's**, which is one of the raunchiest and most successful teen comedies of all time, taking so much money at the box office that it almost equalled the Ed's salary. Set in a small town in Florida in the 1950s, it's about the attempts of six sex-mad American teenagers to lose their virginity at the title establishment: a bayou knocking shop where their amorous daydreaming can become a night-time reality. But having taken their dosh, Mr Porky himself chucks them out into the swamp, which leaves our heroes plotting an extravagant revenge. An *American Graffiti* with added sex, it's great fun from start to finish, and after you've feasted your porky pies on it you will probably want to take a look at the sequels: *Porky's II - The Next Day* and *Porky's Revenge*. Better still, you can win all three in our mega-competition on page 40. There must be a few hand shandies in that one for you. See you next month - unless you see me first, or Dominant Dowse gets me!♣

my, my, Maria!

Top Page Three girl Maria Whittaker's new regular column – only in Club!

What a great bunch you Club readers are! After my first appearance in the magazine last month, I was a bit nervous to see

what the reaction of all you regulars would be to my tennis outfit – but thankfully it seems that I needn't have worried, 'cos I was overwhelmed with all the lovely letters and cards and presents you sent me. It was brilliant! Before I do anything else I really want to thank everyone who sent me things; obviously I can't thank you all personally, 'cos there were thousands of you, but what I'm going to do instead is have some fun with the outfit a lot of you wanted to see me wearing.

What is it about secretaries that you all really love? Because I

had absolutely hundreds of requests for me to dress up as the Girl Friday that you'd all like to have in *your* offices. I must say that it was a real challenge to me, because as you all know I've never worked in an office in my life. But I tried to imagine what it would be like sitting at my desk, doing the invoices, typing up the letters, filing invoices, and of course, making the boss's tea. The Ed stood in for that one, and he really got into the part, I can tell you!

And I got into the part too; in fact, by the end of the day I was really enjoying myself. I don't think I'll be giving up modelling to be a secretary *just* yet though! I hope you'll all enjoy looking at these pics after my hard day's work too.

So what am I going to be up to next month? Well, I'd love to hear a few more of your suggestions, though I have some ideas of my own on that one! See you soon. Love and kisses,

Maria

Whiskey, women, rawk 'n' roll and pizza. Mean metal mutha Jon Bon Jovi confesses all. ***Tony Foyle*** *says, "Hold the salami."*

BON

"I love women!" declares Jon Bon Jovi, in a voice not unlike that of a horny banshee. (*What does a horny banshee sound like, then? - Ed.*) And women, it seems, love Jon. Of the 17 million records he's sold in his career so far, more than ten million have been bought by the fairer sex.

One desperate female fan from Essex recently wrote him a letter of which the first nine thousand words were 'please'. It took her five days to finish, and all she wanted was... an autograph!

But Jon's always been used to direct and amorous advances from the opposite sex: he was having his wicked way with them long before he was famous. "Man, I've been gettin' pussy since I was 12," he brags, although he admits that he didn't actually "do it" until the grand old age of 14. "It was round at my parents' house on a Saturday afternoon. This girl I'd been seeing got dropped off by her father, who thought she was coming round to study. All we ended up studying was each other!"

And he's the first to admit that he got into the rock business because of the female factor. Legend has it that when he got his first

JOVI

guitar he strode into a New Jersey music shop and declared that he wanted to learn to play so that he could "pick up chicks". Evidently it worked.

But it's been a long hard slog for Jon and his band before they hit the big time. "People used to think we were a pizza or a make of jeans," laughs Jon about the band's name, which stands out noticeably plain in the heavy rock world dominated by macho monickered metal muthas. He has a good deal to say on the subject of his rival bands too.

"Some of the other bands were just fucking bastards to us in the early days. I can't mention any names because they're still around. Others were great, don't get me wrong, but the shitty ones were really shitty. Often, they'd give us 12 feet of stage to play on, so if they told me not to jump into the crowd, I'd jump in to piss them off. If they told me not to stand on the lighting rig, I'd stand on the lighting rig. We actually had fist fights with their roadies just because we ran a couple of minutes over time. Then we'd get thrown out of our dressing room before the end of the show, because the singer in the main band wanted to use it for a party to impress the girlies."

"Man, I've been gettin' pussy since I was 12!"

But since the worldwide success of their third LP *Slippery When Wet*, it's Jon who's been holding the parties and fighting off the groupies. "I'm very happy touring and playing - and there are a lot of beautiful women out there!" But it does have its problems. At the end of one gruelling tour two of the band came home to face divorce papers. "Man, they lost their houses, their cars, everything," sighs Jon. "And I got hit with this heavy shit from my girlfriend. They'd all been reading this shit about groupies and stuff we were supposed to have got up to on tour, and they couldn't take it."

To what extent Jon's wild ways were misreported he won't reveal, but he simply says, "Our life on the road is not as tame as I'd like to think it is, and not as wild as *you'd* like to think it is!"

And what does his wife think about that?

"She's known me a long time. She doesn't mind the flirtations. She takes it all in her stride now."

The band are like a family to Jon and, true to his Sicilian blood, nothing comes between him and the family. "The only women in our organisation are the kind who are willing to take the whole band as they are. It's got to be a special girl who can deal with five distinct personalities and get along with every one of them like they're her brothers. And girls who can't do that just don't last, because the band takes up all our lives."

Jon's guitarist and co-writer Richie Sambora was one of the two whose wife walked out on him because she couldn't stand the gang mentality. Richie is now apparently set up with Cher, who seems to be coping very well indeed by all accounts.

Over the years Jon himself has been linked to a few well known ladies - including a year long affair with actress Diane Lane - but one fling he categorically denies is with our very own torpedo-titted Sam Fox.

"Sam Fox is real nice... apart from the singing"

"Look, there's nothing between us! She's a fine lady, if you know what I mean, but when it comes to singing... She's real nice, apart from the singing!"

Another rumour he's quick to scotch is that his middle name - Frank - is a tribute to another Italian from New Jersey, Frank Sinatra. Jon would far rather be named after his idol Bruce Springsteen, who has been carrying the banner for his home state since Jon was still finding his way round a fret board. He first met Bruce when, at the age of 17, he had a part time job in a well-known recording studio where Sir Springsteen was laying down a few tracks.

Jon remembers Bruce chatting to him "like a regular guy". "People at school would be telling me what they'd been doing the night before," Jon recalls, "like watching *Dallas* or something, and there I was having coffee with Bruce Springsteen!"

Since then he's had famous folk coming out of his ears. One encounter sticks clearly in Jon's mind, mainly because it involved Fleetwood Mac's luscious lady singer Stevie Nicks without any clothes on.

"People used to think we were a pizza"

"I was in the jacuzzi at the recording plant in LA," he recalls with a distinct smirk, "and in walked Stevie Nicks - completely naked! She just went, 'Oops, sorry!' and walked right out again. I was really embarrassed, but she looked very good for that split second!"

Although Jon had some particularly memorable promotional pictures taken of him lounging in a jacuzzi (though not the same one), he hates being seen as a sex symbol, and would far rather talk about his band than his gusset-drenching good looks.

"Being called pretty worries me to death," he confesses. "But I'm not going to run into a brick wall to get rid of that pretty boy thing. Mind you, I'm not going to wear make-up either!"

More than the proverbial pretty face, Jon's business sense earned the band a staggering £15 million from their *Slippery When Wet* tour (most bands just about manage to break even), and the profits will probably hit at least £20 million for the latest on-the-road slog to follow up the LP *New Jersey*.

Like his idol Bruce Springsteen, Jon plays down the superstar angle - "backstage all the band want is a few cold beers, a couple of bottles of whiskey for the roadies, and maybe a pizza." After gigs they indulge in their favourite cocktail, the Muff Dive (a lethal mix of vodka, peach schnapps and cranberry juice), and a party soon follows.

Back at home in New Jersey - in a £1 million mansion which he modestly refers to as "just a house with a couple of storeys" - Jon's indulgences include a Ferrari, a 1955 Corvette, and a couple of mean-looking Harley Davidsons. He admits that he doesn't get home much, but when he does he either sleeps or hits the road again: "I like to get out on my bike or in one of my cars - just hit the highway and cruise."

And we know a song about that, don't we ? ♣

Yes, it's the same blonde bombshell who caused such a stir last year. Sian is a woman of mystery, and we've been trying to track her down since her last appearance, but it was all in vain until now. Where has she been?

"At dance college. I've been so busy I've hardly had time for sex, let alone modelling. I'm feeling very frustrated at the moment, that's why I got so horny showing my pussy off to you here!" ♣

CHANTAL

Photographs by Serge Jacques

Sensuous Chantal from Brussels oozes the sort of sophisticated sexuality that is unusual in an 18-year-old. But looking sexy, insists our pert-bottomed exchange student, has been no substitute for experience between the sheets.

"I have found that British men really go for European girls like me. They love my accent and the clothes I wear but I'd rather they liked me for my tits or my bum! The men I've met have been kind with their compliments but they think pretty girls are for looking at and not for making love to. They are such gentlemen.

"I have been in this country for a month already," explains

Chantal while caressing her evenly tanned boobs, "and have been taken to expensive restaurants and had many lovely presents but I'm still waiting to be seduced. I'd much rather have a nice smooth orgasm than a fur coat. I want a man to suggest going to bed and having some fun.

"In Belgium I didn't have boyfriends because my parents are strict. I learned very well how to caress my pussy with my fingers, but now I want a man to do it for me. Maybe I should be more sexy and make it clear that I want a man to play with my boobs and kiss me between my legs. I think that would be lovely."♣

OOPS!

More model Miss-takes and the pranks behind the pouts.

Be a model, they said. See the world, meet interesting people... and have leather thongs slip up your bottom. Great, innit?

It's big! It's pink! It sticks out like a sore thumb! And it's not your willie! But it's OK, Clarrie's bathrobe goes back to the outfitter's tomorrow.

Jennie won't let you see her pussy, but she'll do a good imitation of it anyway.

DICK!

Club's resident private eye ***Richard Slick*** *is getting a strange buzz in the conclusion of the Queen Bee Caper.*

The Story So Far: Nymphomaniac criminal mastermind Queen Bee has kidnapped several of the world's fattest men. Having pumped them full of Erextasy, a drug that induces a stonker like a donkey's hind leg and turns gonads into explosive grenades, she is planning to put them to work satisfying her gargantuan sexual appetite. Meanwhile, outside her Beverly Hills mansion, ace private-eye Richard Slick and the woman who hired him, Lucille Scratchensqueak, are planning to save the lardtubs from a fate worse than death. Aiding and abetting the dynamic duo in their scheme is TV detective Frank Rockjakoside, a man so dumb he thinks a ball-bearing is a flasher's tea party...

We gazed up at the Queen Bee's hive-shaped love nest.

"Lunchiano Fattbotti, Drooper Vangross and William 'The Garbage Truck' Gutbucket," Rockjakoside whispered. "Hot shit! If we rescue them I'll be a household name."

The guy was living in a fantasy world. The only way that asshole Frank Rockjakoside would become a household name was if someone named an air-freshener after him. And the way he smelled tonight that seemed a little unlikely.

"Know much about bees, Frank?" I snapped.

"Only that it comes after D in the alphabet," Rockjakoside grunted.

At that precise moment I needed Rockjakoside like the Venus De Milo needs an underarm deodorant. There was about as much chance of that bald bubble-brain coming up with a bright idea as there was of an elephant with Delhi-belly keeping its ass clean with a piece of confetti.

"Hey Ricky, baby. I just had a thought."

"Better let it out before it dies of loneliness, Frank," I barked.

Rockjakoside pointed to Lucille Scratchensqueak. "This chick here used to be married to that lawyer that was on the take. You remember him?"

Sure I did. His name was Leon Da Sheets. Down at the precinct the boys called him Kevin the Kipper on account of he was spineless, gutless and two-faced. The word in the squadroom was that he'd been born on a remote Pacific island, that his mother was the ocean, his father was the sand, and that as a result he was a real son-of-a-beach. At one time he'd been the best defence counsel in the business. The kind of lawyer who could get Stevie Wonder off a drunk driving charge in Johannesburg. Then he married a dame with expensive taste.

Pretty soon he was receiving more backhanders than John McEnroe. He was kicked out of the legal profession and went into retail. He started out selling Venetian blinds, then it was parasols, then it was beach umbrellas - the guy had been involved in one shady deal after another.

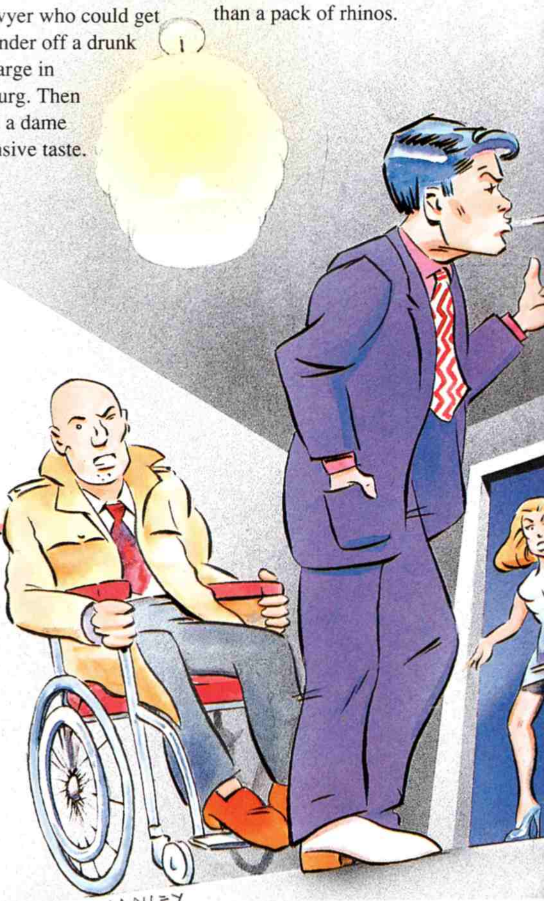
And for once Rockjakoside was right - Lucille Scratchensqueak was the broad who'd taken Da Sheets to the cleaners. Something told me I'd been set up neater than a table at the Waldorf-Astoria. And I figured that pretty soon the Queen Bee would be dropping in for dinner.

"You boys are coming with me," Lucille squeaked. She dug in her handbag and pulled out a small automatic. How she got a Mini Metro in there I'll never know.

There was no time to ask questions. Before Rockjakoside or I could do anything about it we were being driven through the gates of the Queen Bee's mansion. Standing on the doorstep, waiting to greet us, was the dame herself.

"Hubba hubba hubba," Rockjakoside slavered. "Check out that chick, Ricky baby."

The guy was as intelligent as a brain-dead wood louse, but he was right about the Queen Bee. The sight of her must have fattened more peckers than an 80-year-old chicken farmer. The scent she gave off made Chanel No 5 seem like a halitosis sufferers' convention. The dame was hornier looking than a pack of rhinos.



Normally I feel the same way about broads as Woody Woodpecker feels about deathwatch beetle, but there was no doubt about it, this was the kind of lady who could give a guy a sexual appetite. Lucky for me I'd had a can of soup at lunchtime, or I might just've been tempted.

"Zzzzo, we meet at lazzzzt Mr Zzzzlick," the Queen Bee hummed.

"That's Slick," I snapped. "With an S."

"Zzzzorry, Mr Zzzzlick. I'm afraid I have a zzzlight diction problem."

"Sure," I growled, "it's gotta be diction, diction, diction all day long, or you get so jumpy you make a kangaroo with St Vitus' dance look like a paving slab."

"You are beginning to try my patienzzze," Queen Bee buzzed.

"I don't try anybody, sister," I snarled. "That's the judge's job. And that's just who you're gonna be visiting when I take you downtown."

Queen Bee chuckled. "You have zzzzpirit, Mr Zzzzlick. I like that in a man. I alzzzo hear you know how to pleazzzze women."

So *that* was why Scratchensqueak had set me up. The Queen Bee's libido meant she was like a time-bomb just waiting to go off. And she'd decided I was the man she wanted to detonate her. From what I knew of the Queen Bee that was the kind of explosion that was likely to blow more than a guy's hat off.

"Zzzzo tell me, Mr Zzzzlick, what do I have to do to enjoy the fire of your loinzzzz?"

"You could start by metamorphosing into a balloon, a bowl of semolina and a full-colour picture of Champion the Wonder Horse," I rasped. I took out a cigarette and began to light it.

"No! No!" The Queen Bee droned. "Zzzztop that." She made a grab for my lighter. She was seconds too late. As her face came close to mine I blew a cloud of smoke directly into it. The Queen Bee slumped at my feet asleep.

A while later, when the boys from the precinct were loading the snoozing criminal mastermind into the Black Maria, Rockjakoside wheeled over to me.

"Hey Ricky, my main man, that was a real neat trick. How d'you do it, baby?"

"You know much about apiary, Frank?" I snapped.

"I seen *King Kong* a couple of times, but..."

"Apiary, you asshole, is the keeping of bees. My old Grandaddy in Kansas had a couple of hives..."

"Poor guy. They're real sore. I had a boil on my neck one time..."

"Bee-hives, shit-for-brains. When he wanted to get the honey out he blew smoke into them. It sends the bees to sleep."

"No shit! Ricky baby, you are a genius. Now where d'you think the Queen Bee's hidden those slackguts?"

I didn't answer. I was on my way home. Thursday was late night shopping and I'd just remembered I was clean out of semolina.♣

Cupboard Love

I am an attractive, 26-year-old, bi-sexual woman. I absolutely adore sex and get plenty of it, but I rarely get involved with anyone from work. This can be a difficult policy to stick to because there are many sexy people in our offices, especially among the young girls in the typing pool. I frequently fantasize about taking half a dozen home with me and having them all lick me and caress me till I come.

However, my story concerns on exception to this rule: the day I got screwed in the stationery cupboard by Simon, a temp brought in to help clear a backlog of paperwork. Being a temp there would be none of the complications which arise after the end of an affair. From the day this hunky 23-year-old started at work I knew I had to have him, and for some reason I wanted to fuck him at the office.

One morning I found myself staring across the room at him. My panties were damp and I put my hand between my legs and started to play with myself. When I reached the point where I couldn't wait any longer I walked over to him and asked him to give me a hand with some stationery. Once in the cupboard I locked the door, turned on the light and turned to him, panting, my large breasts heaving up and down.

"I want you," I said, reaching up to kiss him. I thrust my tongue deep into his mouth and our tongues wrestled as he wasted no time in opening my blouse and taking my hot bosoms out of my bra. I pushed my head back and panted again as he fondled my boobs, tweaking my burning nipples with his fingers and thumbs. He moved his mouth and moist, raking tongue down my neck, across my shoulders and then down to where his hands were. My whole body was a flood with pleasurable sensations as he licked, sucked and nibbled my aching tits. He pushed me against the shelves

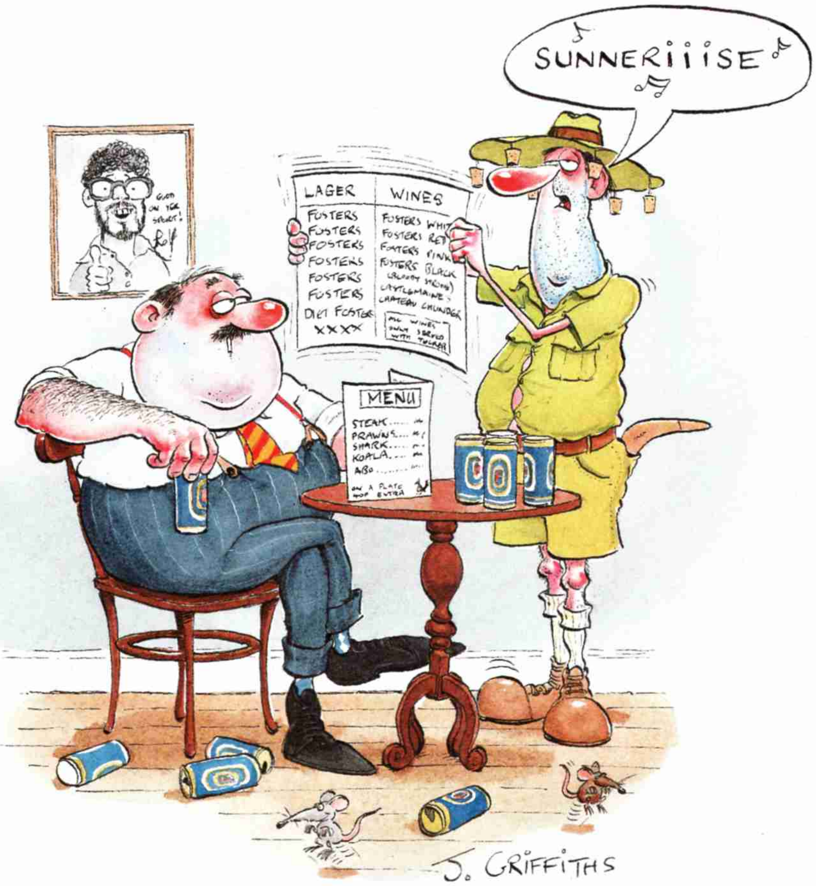
GOBBLE!

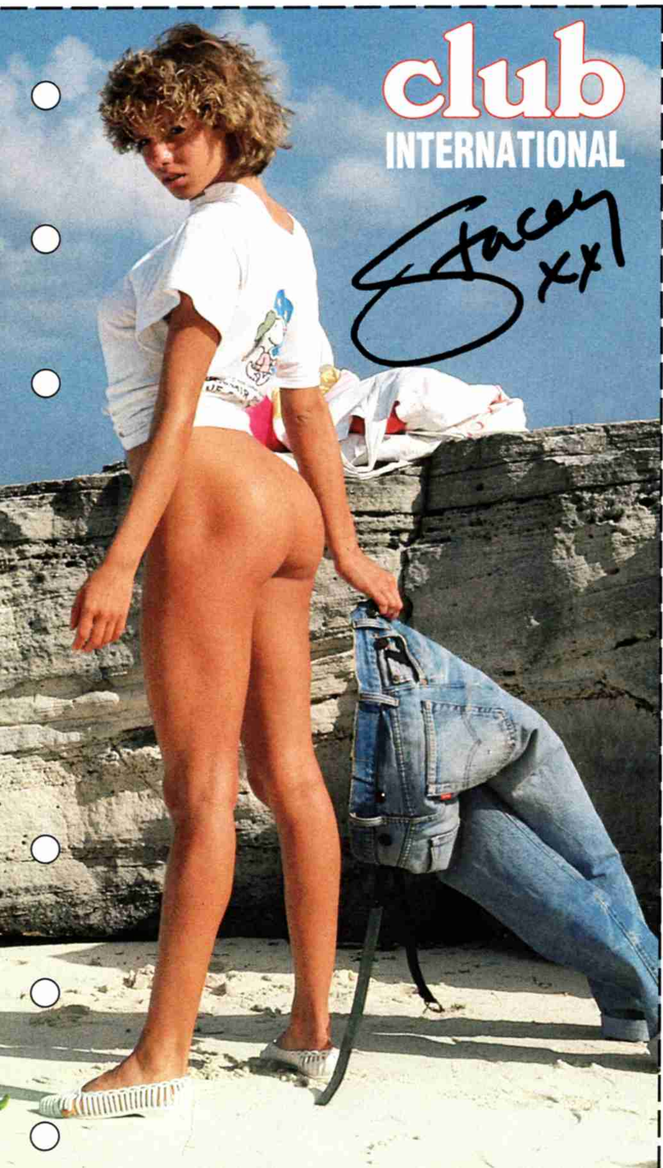
When it comes to going down Down Under, there's one man for the job. Or there's **Nathaniel Fatbastard**.



Sitting on the albino armchair the other day, kicking the remains of a particularly troublesome Latvian take-away out of the rear entrance, I started to consider the bewildering array of ethnic food available now. Within three miles of my Catford pied a terre there's a South American restaurant constantly under new management, an Ethiopian Snack Bar where you don't get anything to eat until Bob Geldof's done a concert, and a Fundamental Zionist fast food joint which keeps trying to take over the Palestinian sandwich bar up the road, maintaining that it was theirs 2,000 years ago. Only last week yet another opened, and naturally, being the kind of cosmopolitan man I am, I was prepared to give it a go - so long as it was free.

Named after its well known antipodean owner, *Bruce Lickmey Down Under* (284 Volkswagen Camper Drive, Earls Court) is one of Britain's first all-Australian restaurants. Cashing in on the success of *Neighing Bores* and *Prisoner H Block Cell,* it aims to make fizzy beer and seafood fashionable.

Personally, I've always objected to the the term 'seafood'. Tiny pink things with tendrils and a stomachful of sand aren't bloody food - they're snacks eaten by drunken Londoners when they need the change for the tube and happen upon one of those hardboard caravans parked on the pavement. And if they make the mistake of eating a pint of cockles with salt, vinegar and an intestinal tract full of North Sea silt, it's not the only thing parked on the pavement either.



Fluff

People rate stuff in the sea too highly. Some wankers even think whales are as intelligent as humans. If that's the case why are they so unimaginative in their cuisine?

"Excuse me, Mr Sperm Whale, would you like the smoked Bolivian truffles or the avocado with garlic mayonnaise to start?"

"I'll have the mixed krill, please."

"But, sir, you had krill yesterday."

"I know. I like krill."

"And to follow?"

"More krill."

"But, sir..."

"I said krill - oh! and a side order of plankton."

Then again, compared to the wankers who extol their virtues, and actually think the 2CV is a good car with ' lots of character', whales are fucking masterminds.

Lickmey Down Under claims to have all the informal ambience of the barbie on the terrace. Quite right. The food takes fucking ages, is burnt on the outside and raw inside, and you have to mix with loads of pricks whose idea of sartorial co-ordination is a t-shirt and shorts with matching stains. However, it does stock a plentiful supply of Australia' s only other contribution to the world of *haute cuisine* - lager, or Melbourne mineral water, as it's known. It comes in cans (or tubes as they call them, presumably because it goes straight through you), and after a dozen tins of Arseholestrain Nine X (£1.25), I was beginning to feel better towards our Aussie friends, in particular the sheila with the enormous knockers opposite.

Her name was Windowlene, or something like that, and she looked like a better-fed version of that midget with the crooked eyebrow, Hylie Invogue. She was working as a dental nurse, and if I had anything to do with it, I'd be filling her cavities later. To impress her, I finished my steak and prawn grill (£9.50) with a few glasses of Craig Napoleon's Five Star Cognac-flavoured After Barbie Drink (Australasia's only liqueur).

"Hey, Nat, you bastard," she smiled coyly. "You know, your subtle wit and sophistication reminds me of my last boyfriend."

I puffed at my Castella (65p) nonchalantly, and stifled a belch - unfortunately with little success. It proved to be the overture to a symphony of honking that had me shooting lager in all directions at a greater pressure than if I'd spent an hour shaking the can. She was drenched. I apologised profusely. Flicking a piece of the prodigal prawn from her beer-sodden bristols, she smiled.

"Yeah, just like my old boyfriend," she said, her eyes lighting up. "Fancy a fuck?"♣

Lee's 20, extremely glamorous, rather rich, ample in the chest department and a bit of a contortionist to boot. "My first boyfriend used to call me 'bendy toy', because I could twist around into so many positions," she giggles. "I did ballet dancing when I was little, and yoga later, which I

think helped.

"These days I fantasise about inviting a guy around to dinner, and letting him come in to see me naked in a really lewd position - wiggling my bottom right up in the air or something.

"The trouble is my parents are very protective, and they live in the flat next to mine - they bought me this one, actually. So I have to be very careful they don't know what I'm getting up to! I've had some close escapes when I've wanted my boyfriends to 'surprise' me in the past...

TELLING PORKIES!

Unless you've been in a monastery for about the last hundred years, you'll have heard of the series of films about the sex crazed teenagers of a small Florida town and their patronage of the infamous knocking shop of the title, *Porky's*. Then there was *Porky's II* and *Porky's Revenge*, and they're all just as full of nookie as the first film. And that's not porkies.

Now, thanks to the generosity of the Ed, who's seen them all anyway, we've got the whole series to give away to you. Yup, you lucky guys will be able to get a worm's eye view of what goes on, off, up and down in the bawdy brothel, marvel at the sight of untold hundreds of naked beauties waving their threepenny bits about, and probably give yourselves a good few off the wrist into the bargain. What a prospect.

To get hold of the copies of this wall-to-wall nookie series, just take a look at the shot here. The lad looks a bit of a knobhead, we think - but then even the Ed himself would come up with such a ludicrous facial expression faced with the sight of a lady's stocking tops. And he doesn't even know any ladies. We're sure you can tell us exactly what's occurring here with a concise, hilarious, witty and unbelievably smutty caption, but you can send in any crap ones too. The lucky winners will receive copies of all three videos, so get in a six-pack and a box of Kleenex, 'cos you'll need them!

Send your entries to: Porky Pies Comp, Club International, 2 Archer Street, London W1V 7HE, and you might be very lucky indeed. Now, would we tell you porkies? ♣

and after removing my soaking knickers he hitched up my skirt and pushed his head between my thighs. He stroked them as he licked my clitty but after only a few prods with that marvellous tongue the aching in my cunt became too much.

"I want your cock up me," I begged. "Fuck me, please." He looked around him. The cupboard was very small. He would have to fuck me standing up. This was exactly how I wanted it and, becoming impatient, I reached forward and yanked down his flies.

"Come on," I said, "don't waste time."

A Fistful of Rachel's Better Bits

"Hi, Rachel Rider here. Back again with more chrome, more rubber and less clothes than ever! So while you cast one eye over my tantalising boobs, let the other one drool over this down and dirty dream machine. It's the tit trembling 'Mail Box' and it's great to get your leg over. It throbs, it lurches and ooh!" squeals Rachel as a suspicious damp patch appears on the soft saddle. "It makes even *my* experienced collys wobble. If it didn't have wheels I'd say it was a two and a half litre vibrator! But it couldn't be the multi-speed variety 'cos the 'Mail Box' can't do anything under a ton. In fact, the only way to get this terrible trike to stand still is to catch it in this giant-sized plastic bin liner. Basically what I'm trying to say is that the 'Mail Box' is definitely meant for going, not coming!"♣

What's the floral equivalent of, "Sorry I came home pissed last night and puked on the living room carpet?"

Within seconds he was naked, standing before me: a superb, muscular, Adonis-like body and a smallish, but very stiff, cock, ready to give me what I wanted.

He stepped forward, pushed his lips to mine, parted my legs slightly and guided his prick toward my slippery love-box. I gasped as he pushed the throbbing glans of his dick into my cunt. Then he teased me for a second or two as he left his cock there and nibbled my left ear-lobe. I gave out a sigh of pleasure as he eased his tool up my creamy sex-tube. We kissed frantically and he began to work away inside me, slowly at first then gradually winding it up. He almost lifted me off the ground every time he pushed that delightful little dick all the way in, tickling me momentarily as our pubes entwined. All the time my breasts were one giant pleasure zone as his hands stimulated every inch of them with incredible dexterity. In a three-pronged attack his cock, hands, mouth and tongue treated me to one of the great fucks of all time.

SON OF BAD JOKE

Have you ever smelled mothballs?

No! How do you get their legs apart?

How do you get virgin wool?

From ugly sheep.

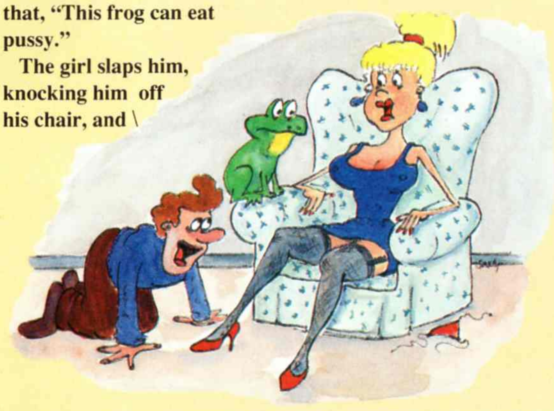
A guy comes into a pub with a frog and sets it down next to the prettiest girl there. "This is a very special frog," he informs her. "His name is Charlie."

"What's so special about this frog?" she asks. He's reluctant to tell her, but when pressed, explains that, "This frog can eat pussy."

The girl slaps him, knocking him off his chair, and accuses him of telling her a filthy lie. But no, he assures her, it's completely true. And after much discussion, she agrees to come back to his flat to see the frog in action. She positions herself appropriately, the guy carefully takes out the frog, and says, "Okay, Charlie, do your stuff!"

The frog is immobile, despite his owner's exhortations, and the girl starts to laugh.

"Okay, Charlie," says the guy, moving the frog out of the way, "I'm going to show you just one more time."♣



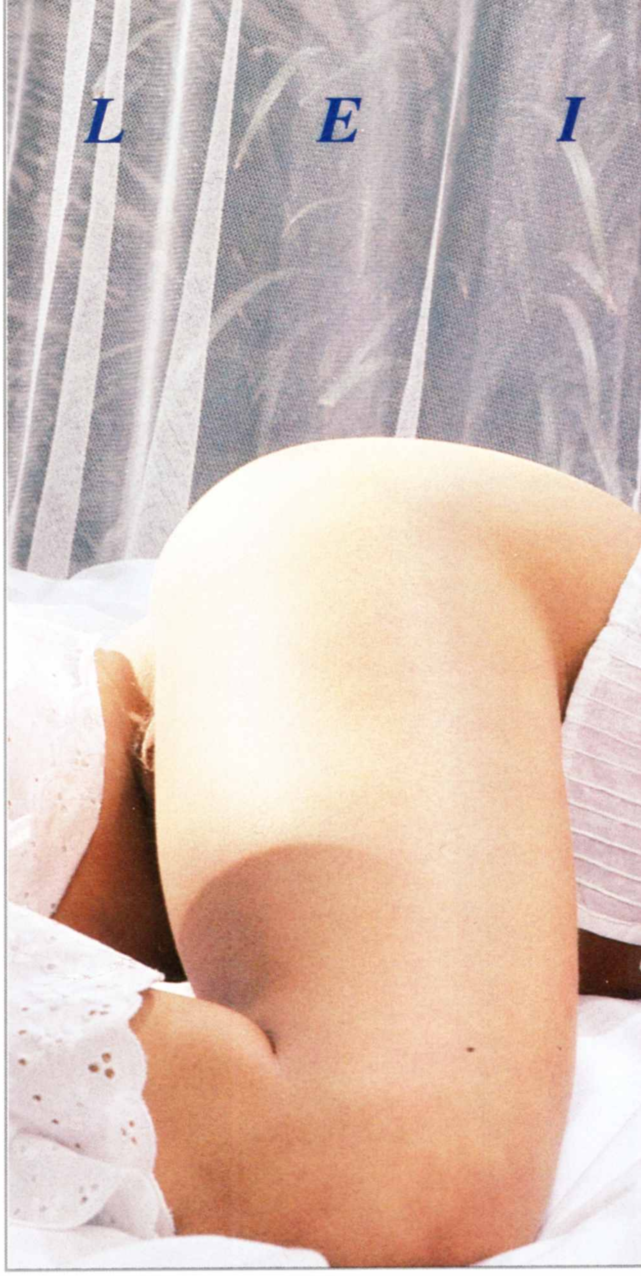
TOP TITS

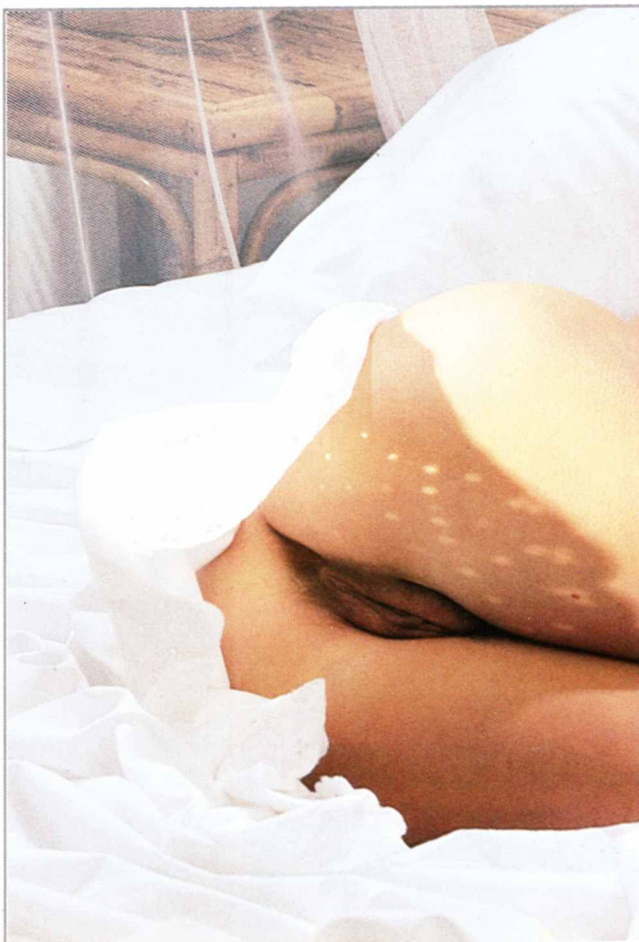
I've seen all the best breast entertainers in my time: the incredible Jack the Rip Out, escaping from a safe full of tits submerged in a tank of Jack Daniel's while his hands were tied with an under-wired bra; Sally Stretch, who could tie her eight inch nipples together in a reef knot and use her extended wobblers as a skipping rope; and the Great Suspendo who, clad only in a pair of fishnets and black suspenders, could catch a 40 pound mortar shell in her cleavage whilst firing fearless human cannonball and infamous soul singing masochist, Whip Me Houston, from her capacious pussy.

But none comes close to the musical talents of Billy Boobytune and his Breast Quartet. Billy chose his all-girl band for their pitch-perfect jugs (and their willingness to shag the crab-faced composer at the drop of a G-string). There isn't a bum note between them, but there are plenty of noteable bums.

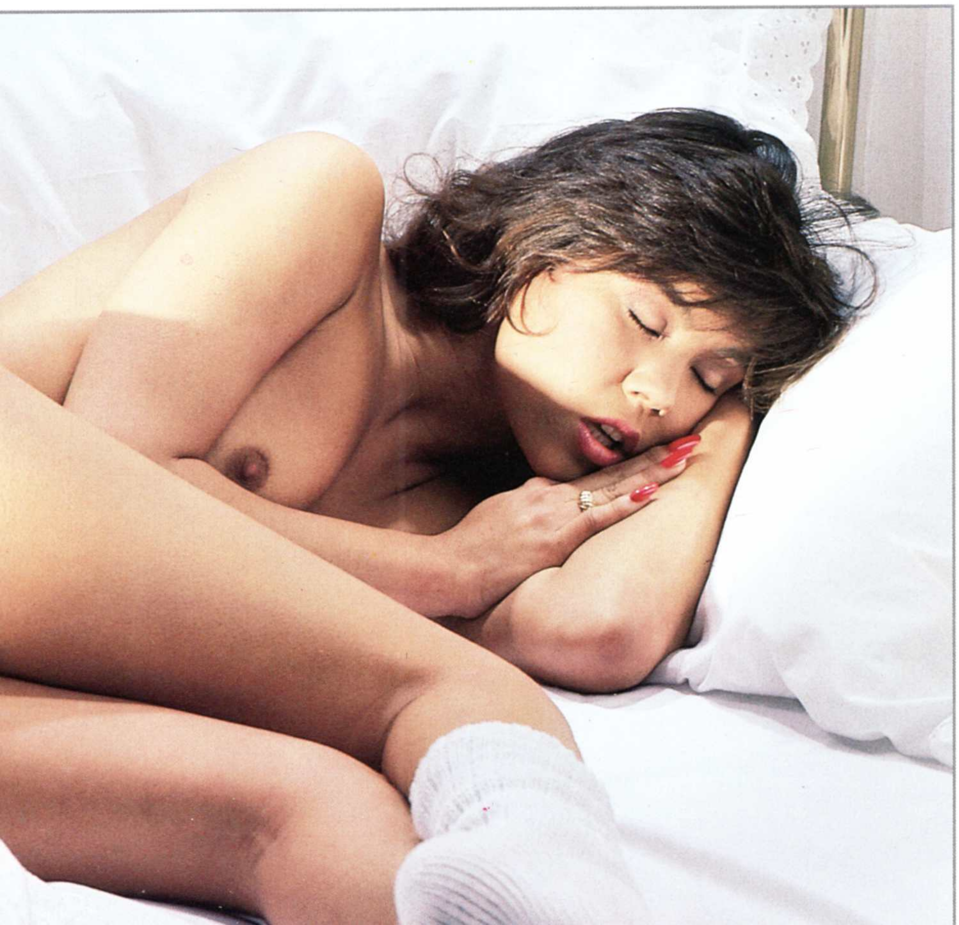
From the big bass bra busters to a pair of small soprano squeezers, every grope of a breast brings a whoop of delight from its owner. In the hands of the talented Billy these cries are transformed into such favourites as *Thanks For The Mammary, Chesterday* and *There'll Be Blue Tits Over The White Cliffs Of Dover (If This Spell Of Cold Weather Continues)*, all in glorious double-dangling stereo. Sweet music to my ears. - *George Breast* ♣

LEI





L A



Photographs by Roy Brewington

When she first arrived for her photo session, luscious Leila wanted to know one thing: "Why don't you have more Oriental girls in the magazine?"

We would, if only we could find them! Perhaps Leila could bring some of her friends along next time she models for us.

"I'm sure I could find loads of girls who'd love to appear in Club," the 20-year-old Malaysian told us, wriggling that lovely bum suggestively. "Most of my friends don't need much excuse to take their clothes off - I know I certainly

don't. Back home in Penang I take every opportunity I have to show off my body, and I love wearing revealing clothes and teasing guys by letting them see my nipples or that I'm not wearing any knickers. The guys always love it, of course!

I love Western men too, and I meet a lot of them if they come over to my country on holiday. They can't believe how open we Eastern girls are about sex, but I believe that if you enjoy something, then get as much of it as you can. And I really enjoy sex, you know..."♣

ROSIE

Photographs by Scott Evans

Rosie has got a confession for us. She reckons that she must be the only virgin we've ever had in the centrefold!

"I'm 20 now," she told us after we'd seen the results of her first ever nude shots, "and I've never slept with a bloke in my life! At first, when I started out modelling, all the other girls thought it was a bit funny, but I've never believed in screwing around. So I'm just waiting until I meet the right bloke before I go to bed with him. Then I'll really let go though!

"The thing is that I've been a model for three years, although this is the first time I've ever done nude work - so I haven't had time to have loads of boyfriends or anything. I can't wait to discover what sex with a man is like though.

"I know I'm pretty highly sexed, because watching naughty films and reading sexy books excites me, and keeps my fingers very busy, but I'd like to find out what sex is like for real. I'm hoping I'll get some good offers after this photo set, so I'll let you know what happens!"♣

The Bastard's Guide To Television

LIVE

According to Lord Sniffer-Dogg the deregulation of the airwaves will present the British viewer with more choice than ever before. What he means is there'll be 476 channels' worth of shite instead of the present four.

All the more reason, you'd think, to spend your evenings down the pub knocking back pints of Old Widow Roohumper's Strike-U-Bandy-Legged Super-Strength Wallaby's Piss (it's Australian for lager), singing The Only Way Is Up *and slopping pork scratchings down your day-glo bermudas. But what would you talk about then, eh?*

Never one to shirk my responsibilities as a disseminator (isn't that what they do to cows? - Ed) of public information, I've cobbled together this guide to TV programmes. So now you won't feel left out when everybody else is drivelling on about who they think is the father of Tracey's little Sharon, and you'll never have to switch the set on again.

Australian Soap Operas

There is only one, it's on for six hours every day and it's called *Nobheads*. The plot revolves around a major event in the lives of one or other of the characters; for example the day Charlene decides to buy a pencil, then everybody in Sydney drops by to discuss it with them. It goes like this:

Darren: "Hi, Charlene. Raylene told me you've decided to buy a pencil."

Charlene: "Yis, Darren."

Darren: "But Charlene, you can't write."

Charlene: "I know, but I can dream, can't I?"

Darren: "Jeez I guess so, but I don't see how a pencil will help. You'd be better off eating cheese late at night."

Charlene: "Darren, I'm a free and independent woman. I don't owe you anything. Whatever there was between us is through." (Sob.)

What was there between Darren and Charlene? Absolutely nothing as far as anyone can remember. There is no sex in *Nobheads*. The nearest the couples get to anything sizzling and saucy is when they barbecue a wombat.

American Soap Operas

Phallus and *Dysentery* are exactly the same as *Nobheads* except, this being the USA, everything is bigger, and there is lots of sex. This might be a recommendation except that the producers always cast actors and actresses who are too old for the parts they're playing.

In American soaps sixteen-year-olds are played by forty-year-olds, forty-year-olds by sixty-year-olds and sixty-year-olds by people so ancient they have to have a wank in the morning to get their hearts started. As a result, what is supposed to be a young lovers' night of passion turns out to be a wrestling match between two senior citizens who are trying very hard not to knock each other's wigs off. Because of this the script is specially tailored:

Dylldo Carryon: "Oh my, Miss Smelly, how well I remember Lusty on his 21st birthday. The way the sun glinted on his walking frame fair set my heart a-pumping. It seems like only yesterday..."

Miss Smelly Doings: "It was only yesterday."

Dylldo: "Oh lawdie! My memory must be going. They do say that happens when you turn 25."

Miss Smelly: " Mighty true. And you should see a doctor about your a-pumping heart. It's emphasyma."

The other strange thing about American soaps is that whenever a couple make love they always roll over and over and over. But they never fall off the edge of the bed.

British Soap Operas

There are three types of British soap opera: Cockney, Scouse and Somewhere-near-Salford.

The Cockney soap is written by people at the BBC who went to Oxford University. Their only knowledge of the East End is that one has to drive through it in order to get to Suffolk. To get an ear for authentic dialogue they watch lots of 1950s Ealing Comedies and dozens of episodes of Minder. The result is this:

Filfy Ben: "Gor, stone me! Leave it out and go love a duck, if it ain't me old taters from down my manor, Maxie the Shitehawk."

Maxie: "Do what? Stripe me! How about a good old knees up down the rubadub?"

Filfy: "Lumme."

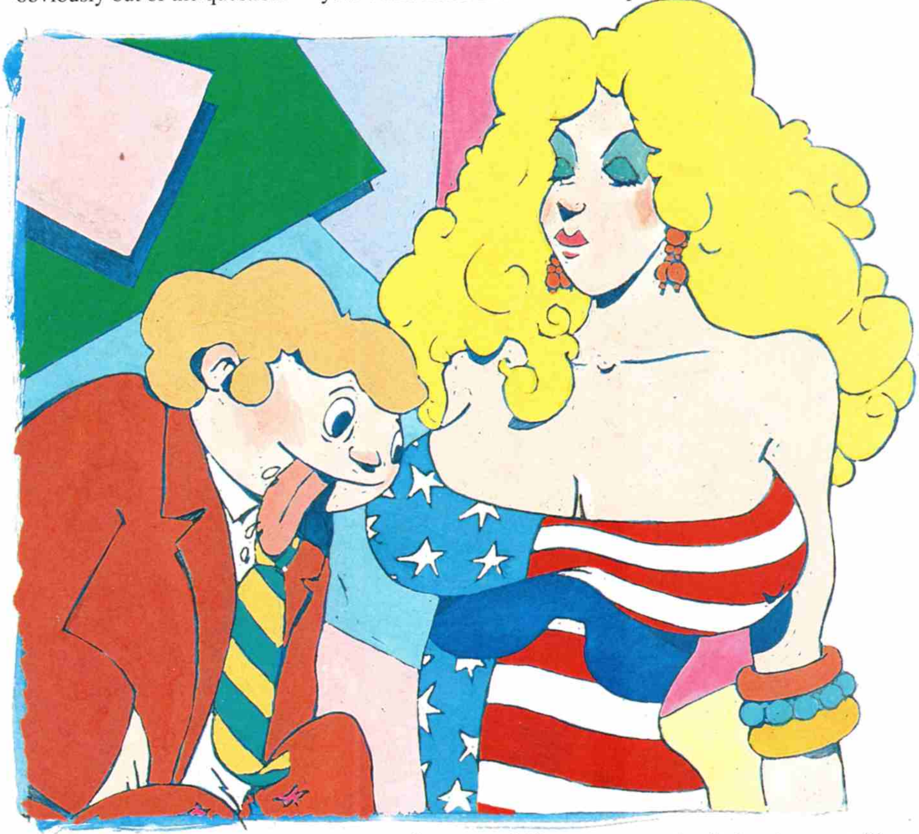
What the fuck all this means is anybody's guess. There is lots of sex in

Cockney soaps, but the performers are all so ugly that most people would prefer to watch two mongrels in the local park.

The Scouse soap opera is called *Sewyside*. It features characters called Shozzer, Nozzer and Ayupsoftlad. Everybody is out of weeeerk. They go out and look for weeeerk. When one of them finds weeeerk he quickly gets the sack for head-butting the foreman. There is no sex in *Sewyside*. Every now and then a couple have a go, but it never seems to weeeerk.

The somewhere-near-Salford soap is *Coronary Street*. It is called this because everybody in it behaves as if the least bit of excitement will kill them. The most eventful episode in the last ten years was the one when Vera Dozy went to the corner shop and bought "a couple of barm cakes for us tea". As a result of this sudden burst of activity all the cast had to spend a month in bed "avoiding all strenuous activity". Sex is obviously out of the question.

IRONIC COMIC
WINDY NOISE!



Talent Shows

If the Trade Descriptions Act was properly enforced everybody involved with TV talent contests would have been banged up in Parkhurst years ago. Sadly, it isn't, and so these pathetic cretins are still on the loose bringing terror into the nation's living rooms. Contestants always include a selection of the following:

1) A tubby girl in an off-the-shoulder dress singing *Evergreen*.

2) A moustachioed Yorkshireman who looks like an escapee from an institute for the criminally insane, singing *Some Enchanted Evening*.

3) Three Cypriots in white flares playing the theme from *Zorba the Greek* on milk bottles.

4) A Liverpudlian with a perm telling jokes so old they must have been written before comedy was invented. And they're never even funny.

5) A magician.

6) A retired miner from Durham who whistles *Colonel Bogey* through his nose while balancing a coffee table on his head.

The only person anyone has ever seen who is less talented than these contestants is the host. His lines in friendly banter would even make the Pope puke. "And remember, your votes could make someone into a star." The only pity is that they couldn't make him into an inmate of Wormwood Scrubs.

Chat Shows

Probably the most stomach churning of all TV programmes. Nobody can fail to reach for a bucket when they hear the oily host welcome some eighty-year-old never-has-been with a face like a burglar's dog, with the words, "Wonderful to have you on the show, Antonia. Now you must tell us all about your fascinating new book *Knitting With Yogurt*." Yet even this display is preferable to the endless parade of pissed actors telling "frightfully amusing" stories about the day "dear, dear Larry" farted during a curtain call at the Theatre Royal.

The only excitement on these shows is if an actress from *Phallus* or *Dysentery* appears on them. Seeing all that Trans-Atlantic cleavage makes the host so sweaty with lust that it's just possible his personal microphone might short-circuit and electrocute him. Unfortunately, this hasn't happened yet.

Comedy Programmes

TV comedy is definitely no laughing matter. The reason for this is simple: the comedians are not interested in being funny. They know once they have proved that they are about as funny as a dead woodlouse, the TV company will give them a job hosting a game show. The only good thing about TV comedians is that you can tell exactly what they are like from the descriptions of them in the newspapers:

Talented - tells unfunny jokes.

Hugely talented - fat and tells unfunny jokes.

Wacky, zany - manages to be unfunny without telling jokes.

Versatile - does a terrible impression of Basil Fawlty.

Hugely versatile - does a terrible impression of Cyril Smith.

Alternative - doesn't shave and swears a lot.

Family favourite - old codger who no-one rememebers.

Britain's best loved comic - Jimmy Tarbuck.

No wonder the country's in such a state.

There is another branch of TV comedy. It is called Sit-Com. After you have watched a couple of sit-coms you realise there is an 'h' missing somewhere.

Game Shows

Game shows were called quizzes until the the contestants deteriorated. Most of the Kevins and Debbies who appear on them nowadays have the intellectual capacity of that green stuff that grows on the walls of the fridge if you forget to defrost it before you go on holiday. These are the kind of people who say "pass" when asked to give their names.

Even so they're still brighter than the host (see Comedy programmes), whose 20 years in the working men's clubs telling Irish jokes and dressing up in women's clothes has left him ill-prepared to ask questions on the relationship between quantum physics and modern space travel.

To overcome these problems the TV companies have introduced a brilliant new system. Instead of having tricky general knowledge questions like "what is the capital of England", we now have ones like this:

We asked a hundred members of our audience to name their favourite flavour of crisps. Did the majority answer: a) Prawn Cocktail b) Lager c) Samantha Fox's knickers d) Wildebeeste?

The beauty of this is that to win, you must think exactly like everyone else. Thus the winner need not be intelligent, but will always be extremely dull and won't outshine the host. Anybody can guess, even Debbie and Kevin (though sometimes faced with a choice between a, b, c and d they will opt for k "'cos it's Kev's initial").

But the most infuriating thing about game shows is the jingle. This is usually made up of ten idiots who sound like boy scouts with their bollocks trapped in a mangle singing the host's catch phrase over and over again. The sound of "Hey up missus, how about some sago" repeated ten times every minute is the kind of torture that ought to be banned under the Geneva Convention.

There are lots more types of TV programme, but I'm afraid I'll have to finish now - *Howards' Way* has just started...♣

ASK ANDREA

YOU NAME IT,
MS CLARKE WILL DO IT!

Photographs by Serge Jacques

Those of you who're regular readers of this column know how much I love dressing up – and the more exotic the outfit, the better I like it. I think fantasy is a really important part of your sex life (and mine!) so whenever I get the chance to do a really unusual request, I'll do it.

I'm also a bit of a romantic, as if you hadn't guessed, and my favourite film of all time is *The Sheik,* starring Rudolph Valentino. So when I had this request from Michael of Warrington, I just couldn't ignore it. The guy was obviously reading my mind when he wrote:

"I've always had one main fantasy concerning you, Andrea, and I just can't stop wanking myself thinking of you bringing it to life. I imagine that I am a rich Arab prince, and you are the latest addition to my harem. You are powerless to resist my charms. I carry you into the harem tent and soon your sumptuous, flowing robes are lying on the floor as I take you from all angles on a huge bearskin rug in the middle of the tent.

"We fuck for hours until you are fully satisfied, and then I feed you sweetmeats, feeling your soft red lips touching my fingers as I put them into your mouth. It's all too much for me – and once the sperm has filled my balls again, it's time for more!"

I must confess that the idea of dressing up as the sheik's woman – not to mention the rest of the fantasy – was so erotic for me that I could barely stop trembling long enough to get into all that flowing Arabian gear. And soon I was so randy that I had to get it all off again! And I know that that's what you're all waiting to see me do, so here goes . . . ♣

letters to ANDREA

Dear Andrea,
I am a 21-year-old boy who loves the photo sessions you do. Every time I see you in a magazine, with your beautiful body and your gorgeous boobs, I get really turned on. I can imagine to see you all the time going about your daily life wearing a minimum of clothes so I can see your delicious body.

I imagine that I'm on holiday with you in some exotic place. You lie on the beach enjoying the sun and sometimes you take a bath because the sun gets too hot. I'd love to join you in it, Andrea. Just sitting here writing this letter to you makes me horny, and I have a question for you. I love the sight of a woman's feet. Just to imagine kissing your feet really turns me on. So I'm asking you to show your feet specially for more in Club. I hope I'm not asking too much. – *Kristian, Norway*

I'm not proud of my feet actually, Kristian, because I always feel that they're not nice enough. What do you think? What I'd really like a bloke to do is give me a full pedicure, with oils and a long relaxing pedicure – the lot. Are there any volunteers to come and do it for me?

Dear Andrea,
I have my vibrator deep in my pussy vibrating at full speed while writing to you. I can feel now another orgasm racing through my body ready to explode. This was brought on by reading my letter in your column, and seeing your reply to it.

The reason I am writing is to tell you about my fantasy of meeting you for the first time. Hopefully it may even come true some day! We arrange to meet the following weekend in London's most expensive and exclusive shopping centre to buy some things for our night out and decide that you will pick an outfit for me and I for you. For you I choose a tight, figure hugging dress in red and a little red satin jacket to match, and for me you select a boned, tapered, leather mini-dress, and we set off back to your place to get ready.

When we arrive, we practically fall through your bedroom door. We don't even make it to the bed. I kneel up on the floor as I bury my face into your muff, which feels incredibly hot through the thin skirt you are wearing. You have by now taken off your blouse and thrown that to one side and started to knead your tits, as I just rub my face into your cunt.

"Take your skirt off," I beg you. "I want to lick your cunt." The next thing I know, your skirt is on the floor, and I can see to my delight you are not wearing any panties, and your lips that are shining with juice. I don't hesitate, and get my tongue right in and give you a good licking out.

"Get your tongue right in," you tell me, pulling your cunt lips apart so I can lick further inside. You are almost screaming as you come, covering my face with your juices. I look up and see your boobs are red and hard where you have been rubbing yourself to bring on your climax. I am almost coming too but I need you to kiss and suck at my clitty. I turn over on to all fours, sticking my arse in the air, and spreading my cunt lips as wide apart as I can.

You need no other hints as you kneel behind me, cupping my bum cheeks in your hands as you spread my muff and begin to tongue me furiously. My only regret is that as I come hard and fast I couldn't hold out for longer. I can hear you gulping down my cunt juice and I come again, breathing hard with the force of my orgasm.

Eventually we both collapse in a heap on the bed, totally exhausted by the blissful feelings. After a short rest we both get up and have a shower together, soaping each other down, before we get dressed to go out, see ourselves in our outfits for the first time. As I stand there and eye you up and down I feel a hot rush of passion racing through my body down to my pussy. I move to where you are standing and kiss you softly on the cheek. "You look sensational," I tell you, and you tell me I do too. Then you wrap your arms around me and run your hands down my back to my bum and kiss me full on the lips.

Tearing ourselves apart, we go out to a restaurant and then on to a night club where we dance to the small hours, after which we jump into a taxi back to your place. No sooner is the door closed behind us than you pull me close to you and tell me how much you have wanted to get your hands on me all night, and how your cunt was in dire need of my attentions. I have to admit the same, and I take you by the hand and lead you to your bedroom, where we undress each other and tease each other till we can stand it no more.

I do hope you enjoyed this letter, Andrea. I certainly enjoyed writing it, and have just come again for the umpteenth time. I think I'm going to have to buy some new batteries! – *Catherine, Middlesex*

After I read your letter, Catherine, I must admit that I realised that I love to be fancied by women as well as blokes. And I love having nights out on the town – especially if they end up like that!♣

Women's Writes

Where the girls get down to business

MO FUN THAN ONE!

Although I'm a happily married woman, for several months now I've been seeing a guy called John, who is also married. Foolishly, I suppose, my husband leaves me to get on with things by myself, as his job means that he has to travel around a good deal. I've been married to him for ten years, and rather than finding that my sex drive has tailed off, I've discovered that it's quite the opposite! John soon noticed how passionate I am, and always appreciates what my body can do once it's properly aroused.

I met John in, of all places, a supermarket. We were instantly attracted to one another: the moment his hand brushed against my breast as he reached for a can off one of the shelves I knew I'd go to bed with him that same afternoon - and we did too, back at my place. Our relationship is highly sexual but, since my husband has recently been coming home more regularly, it is often difficult for us to find somewhere to indulge in our wild romps.

I eventually confided this problem to Maureen, a friend who I've known since we left school. Mo has been divorced for a while and has often covered for me in the past when I felt like being indiscreet. I was surprised when she immediately offered us the use of a spare room in her house for what we had in mind. Of course, I eagerly jumped at her offer. As for John, when I told him about it he insisted that we drive down there straight away. In the car, I noticed that his cock was pulsing away inside his jeans, as hard as it's ever been inside me.

It was fantastic to have somewhere where we could really let ourselves go, and we took full advantage of it. Often, while John was fucking me, I could hear Mo downstairs doing the housework or watching TV. We're a pretty noisy couple, and I couldn't help wondering what she thought she'd let herself in for! John knows just how to draw me up to a fever pitch of excitement and hold me there, agonisingly, for minutes on end. The only outlet I have when he's teasing me like this is to moan loudly or shout out what I want him to do to me. The fruitier the language, the better he likes it!

One night Mo and I were out together, both of us determined to get quite pissed in the process, and when we were knocking back the end of our second bottle of wine, the subject got around to sex, and Mo admitted that the thought of what John and I were getting up to was driving her barmy.

I thought she was going to say that she'd had enough of us, but instead she began telling me how, at first, she'd be downstairs hearing us fuck and would have to push her knickers aside to rub herself off. That helped her for a while, but then things went a bit further, and as soon as we'd left she'd be in the room where we'd been busy screwing and would throw back the sheets, strip off and do it to herself with her dildo. Then, when even that wasn't enough, she'd got into the habit of creeping up the stairs and standingz out side the door while we were at it, thrusting a hand up her skirt to frig herself to a climax.

"I'm a mess," she said finally, "and I think one of these days I'm just going to have to burst in and actually see the two of you at it!"

Far from being offended, I found myself extremely excited by her confidences. "Why don't you then?" I replied. In all the time I've known Mo, I've never seen her entirely naked. I found myself actually juicing up at the thought of her bursting in while John hammered at me with his cock, and then her stripping off to

have a good wank. "Perhaps I will," she said, intercepting my thoughts.

The next week, all three of us went for a drink, and no sooner had we gone back to Mo's place when John dragged me upstairs without the slightest preamble. "You horny bitch," he whispered in my ear, his cock already at full throttle. "You never say no, do you?"

I was about to reply to him in kind when Mo, as promised, flung open the door, holding a bottle of wine and three glasses. "Hello, you randy people," she announced. "You never finished your wine."

John was actually shocked and about to withdraw from me when I pulled him back. "She wants to watch us fuck," I told him. "She's been wanking herself silly outside the door all this time."

I could see that the idea of this really stimulated John because he stayed hard and even drove his cock harder inside me. "Show us what you do while we're fucking," I told Mo. I think she would have done it anyway, but my words seemed to make it happen. She put a hand inside her skirt, but I told her that wasn't good enough. "No, do what you do when we've gone," I told her, never thinking she'd actually have the nerve.

I should have known better. In the space of 30 seconds, Mo had stripped off completely. Her body was lovelier that I'd imagined it to be. Her boobs stuck straight out in front of her, without the slightest hint of a droop, her nipples as hard as bullets. Unlike me (I'm blonde everywhere), Mo is very dark haired. Her creamy white stomach gave way to a wonderfully thick, bushy clump of pubic hair, which completely obscured her cunt until she started to play with it. Inside her cunt lips, which she pushed open with her fingers, she was very dark red and shiny with moisture.

I don't know what came over me next. It had a lot to do with John's deep strokes inside my cunt, but seeing Mo's body, sitting in a chair just three feet away from me and wanking, made me want to touch it. "Closer, Mo," I said, and she knew exactly what I meant. She must have wanted it too, because she walked over to where John and I lay on the bed and, as John got truly boggle-eyed watching us, I thrust my index finger upwards into her gaping, black-thatched pussy.

"Oh God, do it to me," she yelled, moving so as to give my finger the greatest possible access. At this point John pulled out of me, but I didn't care. "Let's see you two together," he managed to say, gripping his hard prick in his hand. So that's when Mo finally straddled me at last.

Fifteen years of friendship and my best friend was going down on me. In fact, she was licking my cunt as though it was the only thing she'd ever wanted. I went wild. I didn't know what to do with my arms and legs, such was the pleasure of knowing that it was Mo down there.

When she'd shifted her position slightly, so that our cunts were rubbing furiously against each other, I felt another presence - a much harder one. John had decided not to be a spectator any more and was fucking Mo from behind in such a way that the underside of his cock was running along the length of my cunt, although obviously not penetrating it. I found this sensation really delicious anyway, but it was heightened by the knowledge of what was happening between us all. My lover was fucking my best friend, and both their sex organs were brushing against mine.

I think the thought of that alone would have brought me off, but as it was I felt myself opening up even more and coming my arse off with watching what was happening. I came at least four times and then a fifth as Mo, above me, bent her head right down, moaning wildly as she and John spent their loads too. Her pussy muscles held his cock so tightly that I didn't see a drop of his spunk as he came, until Mo rolled over beside me and I saw it begin to trickle down the insides of her thighs.

After that, the three of us sat there, coyly drinking the wine Mo had brought up, and we gradually came to terms with our new experience. As usual, Mo spoke out first.

"I don't give a damn," she said, "if this means that I'm a lesbian, but I want to do all that again, exactly the same." John had recovered his poise by this time, and grinned as he asked how she could possibly be one if she liked being fucked so much. That settled that, and we repeated the experience as soon as we felt up to it again.

Since then, the three of us are virtually inseparable. Mo has got to the point of insisting that we don't fuck without her, and frankly, things wouldn't be the same if she wasn't there now. Actually, Mo and I have been to bed a couple of times without John, and it was fabulous, although we felt like we were cheating on him or something. I'm going to separate from my husband soon, because I want to set up home with Mo, and have John visit us whenever he can get away. - *Cathy, Bristol*

PAY AND DISPLAY

There's only one way that I can get really excited when I screw a bloke, and that's when I'm paying him. It's not that I'm ugly or anything, and I'm certainly not that desperate for male company, but I just love the feeling of power that I get from making blokes take money from me for a fuck.

I first got into this quite by accident. I'd met a new boyfriend, and on our second date I took him back to my place, and we were soon getting down to a good sex session. He wasn't all that well hung, but he certainly knew what he was doing between the sheets, and soon he had me moaning and yelling louder than I ever had before. I'd never been so horny, or so wet between the legs for any man, and we spent most of that night screwing into the mattress.

The money situation arose the next morning. My new man was late for work, so I told him to order a taxi. "But I've no money left," he told me, looking a bit shame faced. I could tell that he hated asking me, and to be honest I wasn't all that keen on the idea of lending an almost complete stranger my hard earned cash, even if I *had* just spent the whole night shagging him. It was then that my idea came to me, completely out of the blue.

"I'll only lend you the money," I told him, throwing off my dressing gown again, "if you shag me now." I could tell that he wasn't all that keen on the idea, because he thought that he'd get a bollocking from his boss if he stayed with me any longer, but I insisted. "You're not getting the money unless you fuck me," I told him.

He didn't really have much choice, and I could see that he was excited by the idea of being paid to shag me. I was certainly more aroused than I'd ever been; my cunt felt so hot that I thought it must be steaming, and I was actually trembling as I pushed him back on to the bed and straddled his cock. His purple helmet was straining as I held my cunt lips open to guide him inside me, and soon I was giving him the hardest, fastest shag he'd ever had. I don't think he could quite believe the way I was behaving - I certainly couldn't. My pussy juice squirted out of my cunt as I came, and he shot his load inside me.

Well, I paid him and he left, but I couldn't get over the sheer thrill I'd felt that he was in my power, because I was the paymaster. From that day on I was determined to repeat the experience, and whenever I can afford it, I have done. That boyfriend didn't last long, but I've had a few more since then and they've all been as excited as me by the idea of being paid for sex. Now my next plan of campaign is to go to an escort agency and actually pay for sex with one of the escorts. I wonder if any other readers have had any experience of that? - *Gina, London*

Holiday Blues

Hands up for four play

When I went off to stay with my Italian best mate's family in Milan recently, I had the best fucking time of my life. And I mean that literally - I've never been screwed so much in all my born days. My pussy was in a constant throb, and from the moment I stepped off the plane I had no need to wear any knickers! I'd hear all the stories about Italian men being randy, but I'd never been warned about the Italian women.

Gina and I were at school together and although we'd always felt attracted to each other we never actually got round to doing anything about it until a couple of years ago. We've both got boyfriends, neither of whom know that we've been sleeping together all that time, but the simple truth is that I enjoy having Gina's fingers and tongue in my cunt more than anything else in the world.

Of course, as I've known Gina so long, I know all her family pretty well too. It's one of those huge Italian families with hundreds of relatives, and there's nothing they like better than going home to Italy each summer to see all the family. I'd never been invited over before, but the summer after we left school Gina persuaded her parents that we both needed a trip away before we started work, so we jetted off for a month's stay with her aunt and cousins in Milan.

We were so excited on the plane as we circled round the airport that it was all I could do to stop my fingers wandering over to Gina's jeans covered snatch to the side of me, the tight denim moulding over her cunt (which wasn't covered by any knickers) and revealing the folds round her love hole. But short of frigging her off then and there, in front of all the other passengers, there was nothing I could do to satisfy my lust. The way Gina was looking at me I knew it wouldn't be long after we landed that we slipped into the ladies' for a quickie.

After we'd collected our baggage we both looked at each other and rushed straight into the lavs. As soon as I'd got in there I pulled my skirt up, and just managed to get the door locked as Gina got on her knees and thrust her tongue up my cunt. I could feel that my honey juices were dripping out of my cunt on to her lips as she gulped at my pussy, making slurping noises as she drank it down. I was past caring if any of the other travellers could hear what was going on though. The feeling of her tongue rasping against my clitty was ecstasy, and I reached up under my t-shirt and fondled my boobs, gently pulling on the nipples to turn myself on even more. I could feel them enlarging and they felt so sensitive and swollen that I mauled them hard to try and bring on my climax.

With one last thrust of her tongue Gina brought me to a climax, and before I had time

to recover she dragged me down to the floor and stood above me, pulling her jeans down to half way down her thighs, and showing me her wet pussy, covered with sparsely trimmed dark hair.

"Suck me off," she demanded, pulling the folds of her cunt open as wide as she could, considering that her jeans were so tight she could hardly open her legs. I got my tongue in there as fast as I could, not to mention a couple of fingers. Because her legs weren't very far open, her cunt felt so tight round my tongue that I could hardly move it up and down, but that tightness only made it feel better for Gina and she came off very quickly in a series of small, shuddering climaxes.

We emerged from the loo a few minutes later looking rather dishevelled and got a very strange look from the attendant as we came out panting and giggling. We were late to be met by her aunt, but when we saw her by the taxi rank I didn't have eyes so much for her as for the two girls who were with her.

One I knew was Gina's cousin Maria, her short light brown curls bouncing round her head - as her boobs bounced on her chest, obviously unrestrained by any bra - but I had no idea who the other was. She was just my type; legs up to her neck, a firm, brown body that she was showing off a great deal of, and a lovely big smile that showed off her small white teeth. I longed to feel them nibbling at my thighs and teasing my clitty.

On the journey home I discovered that this was Maria's best friend Elisa, and I'd soon sussed out that she and Maria were definitely up to the same things as Gina and I. I could see the way they let their bodies brush against each other at every opportunity, the way each reacted to the other. Just watching them at it was incredibly erotic, and I wondered if Gina knew anything about it.

I soon found out that she did, and in fact she confessed that she and Maria had "messed about" on a couple of her previous visits. This was news to me, and so I asked her about Elisa. "Oh," replied Gina airily,

"they've been sleeping together for ages. In fact, I'll have to introduce you to her - she gives great head!"

I was soon to find out just how good. After being introduced to more relatives than I could remember, Gina and I went to call for Maria and Elisa, who lived a few streets away. I couldn't wait to see Elisa again: my cunt was tingling at the thought.

It turned out that Elisa's parents had gone away, and so Gina's aunt was supposed to be keeping an eye on her; so Gina had the idea that we should all stay round at Elisa's house. It was organised all too easily, and I knew that we were all going to end up in bed together. It was one of those really hot and still nights, so we took several bottles of wine and ended up in the garden, by the pool, getting drunk and talking.

As we got drunker, obviously the talk turned to sex. Despite the fact that Elisa and Maria could only speak limited English, they knew all the important words! It was Maria who first asked if Gina and I were lovers.

"For how long have you been sleeping together?" she asked right out. When Gina told her she had to admit that she and Elisa had been lovers even longer than we had.

"Of course, our boyfriends don't know," Gina added, hitching up her skirt so that we could all have a good look at her long legs with her white stockings. As usual, she wasn't wearing any knickers.

"You have a lovely pussy,

Gina," Elisa shyly told her, gently rubbing at her crotch through her thin skirt. "I'd love to lick it, you know."

"Why don't you, then?" Gina boldly said, hiking her skirt right up round her waist. Elisa lost her shyness then, and knelt down beside the sun lounger that Gina was lying on, burying her face in the smooth muff that I know so well. I'd never seen another girl going down on Gina before and it got me so excited I felt my juices starting to leak from my cunt almost right away. I just couldn't help myself, and my fingers were working away at my pussy before I could stop myself.

By this time Elisa was on top of Gina in the 69 position, frantically licking her cunt out as Gina pleasured her pussy too. I'd never seen anyone with a tongue like Elisa's, as it licked over Gina's cunt like a cat washing. Her face was coated with Gina's tangy juices, and her lipstick was smudged everywhere, making her look very young and even more sexy.

I was busily working my fingers around and inside my own cunt when I found Maria kneeling down next to me. "Why should the others have all the fun?" she said, pushing my hands away from my cunt so that she could get her tongue there instead. The first touch of it on my clit sent me into orbit, and I lay back and opened my legs as wide as I could, holding my thighs wide apart so that Maria could lick right inside me. She was even better at eating cunt than Gina, if that was possible, and I soon found myself really letting go, shouting and screaming for her to tongue me harder and faster so that I could come off yet again. My last climax was one of the most satisfying that I'd ever had, and was so intense I thought I'd passed out for a moment.

I wanted to do the same for Maria, but she had other ideas. "I've always wanted to have a, what do you call it, daisy chain and now we can!" It took a couple of minutes for it to sink in what she meant, but when I finally realised what Maria wanted the thought of it made my cunt contract with little spasms as my juices started flowing again. Gina was already on her feet, stripping off her stockings which were streaked with her juices, and she walked over to the middle of the patio before getting on her hands and knees and sticking her bum right in the air. "Let's get on with it - I'm feeling so fucking horny!" she yelled.

Her cousin Maria was kneeling down behind her in a flash, pulling Gina's cunt lips apart to get her tongue right in there. I gathered it wasn't the first time they'd done this either, as Maria reached round at the same time and started fingering Gina's clit in just the way I know she likes. Maria's own cunt was clearly on view now, pink and swollen and wet, and Elisa immediately knelt down behind her, cupping her friend's love mound in her hands and then running them over the smooth, firm cheeks of Maria's arse. Maria started to leak juices from her cunt as she carried on licking Gina's cunt at the same time.

The sight of Elisa's lovely bum cheeks bobbing about in front of me was too much. I couldn't wait to get down there and lick her out. She tasted beautiful, sort of exotic and rich, and I went wild. I don't think I've ever licked anyone

out quite like that before! It was as if I was trying to lick right to the end of her pussy hole. My nose was buried right in her close cropped pubes and her juices were dripping into my mouth from inside her cunt. I could tell that she was coming off in little climaxes because her cunt muscles kept tightening around my tongue and I could hear her making little moaning noises in the back of her throat as she licked at Maria.

Suddenly I realised I was missing out! There was no tongue in *my* cunt and I wanted one in there right then. I gradually moved round on my hands and knees, still not taking my cunt from Elisa's pussy, so that my bum and cunt were right in front of Gina's face. She knew exactly what I wanted - her special brand of cunt licking. When her tongue hit my clit right on cue I froze, stiffening as the waves of pleasure ran right through me. I forget how many times I came off then, but the whole garden seemed to be filled with the sound of loud pants and moans of pleasure, and because it was such a hot night the smell of our juices seemed all the stronger.

I don't know how long we all stayed there, enjoying eating out in a totally different way to what Gina's aunt thought we were doing, but we were exhausted afterwards. Not so exhausted, though, that we couldn't continue the action indoors, in Elisa's parents' huge bedroom. I watched as Maria and Elisa used a huge dildo on each other, and the sight of their pussies straining to take the huge false dick all the way, and the expressions on their faces as they came, just made me want to try it too, and when Gina and I had a go with it I revelled in the feeling of being totally filled up, writhing madly on the stiff cock, my juices spurting out from my pussy as Gina thrust it in.

For the rest of the holiday the four of us spent as much time together as possible, and to be honest I didn't see much of the sights of the town! When I finally got my chance to fuck Elisa by ourselves, when Gina and Maria had gone shopping one day, we were both so turned on that we did it standing up, in the kitchen, and never even made it to the bedroom. But that's another story, which I haven't got time to tell you now. Writing all this down has got me so turned on that I've been playing with myself, and I'll have to go off and do something about it! - *Annette, Newhaven*

Couples Confess

Share and share alike! That's the idea of good group sex. And here in Couples Confess is where you share your dirtiest real life experiences with us.

My husband and I have always had what you would call an open marriage - that is, we both know that the other person sleeps with different partners, and we acknowledge that we both need to have a bit of variety to spice up our own sex life.

We got married in the early seventies, but before we got married we'd already been involved in partner swapping. I really enjoy seeing my husband fucking another woman; I can never resist getting my hands on to my cunt and diddling with my little love button, making my juices flow until I can't hold back any more and just have to let myself come. My husband knows that I get this aroused from watching him, and says that this spurs him on even more, and makes his climaxes more intense.

What I'm writing to tell you about is one of the most exciting episodes in our partner swapping career. I always know when my husband has met a new woman friend, because he gets very tensed up and spends a lot of time on dressing to impress her. But I've never suffered from feelings of jealousy over this - I just get excited because I know that sooner or later he's going to bring her home and screw her, and I'll be able to watch.

This time I knew that Duncan had met someone else because he bought some very expensive new aftershave, when he normally makes do with Old Spice. It was just a matter of time before he brought her home, I knew - if she was willing to join in our activities. Frankly, we've only met a very few people who weren't keen on getting involved in threesomes. Once they get used to the idea, most people can't wait to get in there.

Duncan didn't say anything about the new woman, and I didn't ask. I always just wait and see what happens when he brings her home. I didn't have to wait very long this time, because only a couple of weeks after he met her, he brought her back to the house to meet me. She's obviously been told all about me, because she showed no surprise when Duncan said, "This is my wife Helen."

"I've been looking forward to meeting you," the girl smiled, and then she turned towards Duncan and said, "You told me your wife was a looker, Duncan, but I never expected her to be this gorgeous." Duncan smiled smugly and introduced the girl as Cherry.

I knew straight away that I wanted to go to bed with her myself. She was very attractive in a rather overstated way, with long red hair and a very full, busty figure. Looking at her, I could just imagine her dressed in the kind of tarty nightdresses and underwear that really turn both Duncan and I on. I could feel myself juicing up in anticipation of what was going to happen.

Duncan had made us all cups of coffee, and we sat chatting for a while. No-one was really keen on making the first move, because we all wanted to build up the anticipation of the moment - that's what makes it even more exciting to me. The tension was really building up in the room, and I could feel the juices starting to flow inside my cunt. Suddenly Cherry stood up.

"I think we all know what I've come here for," she announced, starting to undo her sheer white blouse in full view of the undrawn curtains, "so why don't we go upstairs and get on with things." I thought I was going to come in my knickers when she said that, and stood there flaunting herself in front of us. She'd pulled her large fleshy tits out of her bra and was feeling and kneading them as she stood there. I could see that her nipples were hard and taut: she was as excited as I was, at least.

Duncan led the way upstairs to our bedroom, and I could tell that Cherry was quite surprised by it. I suppose some people might call it tacky, but we think it's fun. It's decorated a bit like an old fashioned brothel, I suppose, with rich red walls, mirrors on the ceiling and satin sheets. I always feel sexy when I'm in there, and that's the idea.

Cherry certainly looked very much at home in there with her red lingerie, the half cup bra which she'd already taken her boobs out of and the matching red crotchless knickers, which showed her ample dark thatch of pubes poking out of the hole. I could see drops of moisture there as she lay back on the bed, looking up into the mirror and parting her legs before putting one hand down between them.

Duncan had already stripped, his smallish but very hard cock bobbing up and down with excitement, and I was down to my camisole and French knickers, the crotch wet and sticking to my cunt now. As always, I took charge of the action.

"Lick her cunt, Duncan," I told him. "Look, she's dying for you to lick her pussy - see how wet she is down there." Duncan did as he was told and

with his back and bum towards me before getting down to Cherry's juicy cunt and starting to lick her out. I could hear the loud slurping noises as he devoured as much of her love juice as he could, and Cherry was moaning loudly, thrashing her head from side to side as she came off very quickly in a series of powerful climaxes. She must have been really ready for that, I thought, my hands straying down to my own very wet cunt.

Duncan was getting very excited too; I could tell that the way his buttocks were jerking back and forth, as if he couldn't wait to get his cock into Cherry's wet pussy. But he knew that he couldn't do that until I told him I was ready. He had to know that I was bringing myself off and enjoying the show before he could do that.

"I'm wanking myself, darling," I told him, thrusting two fingers into my cunt and letting my thumb and the heel of my hand rub over my clit. "I'm getting so excited watching you lick Cherry out. I feel so randy. I'm going to come now!" I gritted my teeth as I said that because I could feel my orgasm coming. It was all I could do to stay on my feet as the pleasurable feeling rippled through my body. My cunt felt as if it was burning, the best kind of orgasm.

"You're coming now, aren't you?" Duncan said, looking at me as I was gripped by my climax. I could tell that his own wasn't far off so I told him, "Quick, fuck Cherry now!" I got on to the bed next to her so that I could watch at close quarters, as Duncan reared his buttocks up and plunged his cock into Cherry.

She really loved it as he fucked her hard and fast, making the juices squelch out of her cunt and making Cherry herself squeal with pleasure. Meanwhile, next to them I frigged myself madly, my hand working faster and faster in time with Duncan's fuck strokes in Cherry's cunt. Soon I watched his face tense up and I knew he was about to come.

"Quick, get your cock in my cunt, Duncan," I yelled. "I want your come in my cunt!" Duncan was into my slippery love hole the next second, and the thought of his cock being coated with Cherry's love juices as he thrust in and out of me was too much. I arched my back and came, my thumb still playing with my clit as Duncan fucked me for all he was worth. I felt him unloading his come in me almost right away, and then he went limp on top of me, and his shrunken cock slipped out of my sopping cunt.

I thought that was it for a minute, but the next second I felt Cherry's long hair and big, bouncy boobs brushing against my stomach as she started to lick all Duncan's come out of my cunt. I could tell she'd done this for women before, because her lips moved expertly over my pussy, rubbing over my clit and giving me the best head I'd had for years. I came again very soon, while Duncan watched, propped up on the pillows next to us as he stared up at the view in the mirrors above the bed.

What a session - but it wasn't over then either. After she'd recovered from that, Cherry leaned over to me and said, "No-one's shot their spunk in *my* cunt yet. I think I'll just go and give my boyfriend a ring." With that, she went off downstairs, leaving Duncan and I to lick each other's private parts.

I don't know how long we stayed there but I was just starting to get turned on again from all Duncan's licking when I heard the doorbell go. Cherry obviously answered it, because the next moment we heard two people coming up the stairs and then Cherry burst in. She hadn't even bothered to get dressed to open the door, and was still wearing her tarty undies. Still, I thought, her boyfriend must have seen her like that more often than he'd seen her dressed.

I turned to look at him. He wasn't all that good looking, but when he took his overcoat off I could see what Cherry saw in him; he had the most enormous bulge in his trousers. It wasn't long before Cherry had stripped him of all his clothes and I saw that monster cock close up. It stuck out, hard and bulging, in front of him, and I could see some dribbles of pre-come at the tip of his knob as he watched Cherry lie back on the bed, fingering her oozing cunt as she waited for him to fuck her.

I could see that Duncan was really excited by the situation, because his cock, although he'd just spent his load, had got hard again, and he was standing there watching the couple on the bed and wanking himself slowly. I just had to start fingering myself too as I watched Cherry take her boyfriend's cock between her lips, smearing what was left of her lipstick over her face and the base of his prick. She took it all the way in at the first go, her cheeks sucking in as she deep throated him. It was an amazing sight.

Gradually her sucking got faster and more violent, and I could see her boyfriend thrusting his hips towards her. He must have been desperate to come, but Cherry wanted that spunk inside her. Duncan and I still stood there, not touching each other but wanking ourselves, as she told her boyfriend what to do:

"Quick, turn me over and do me from behind! I want your cock to fuck my pussy!" What a scene. Her boyfriend pulled his cock out of her mouth and flipped her over on to all fours on the bed, before pushing his enormous cock into her wet cunt. He thrust back and forward a couple of times before Cherry came loudly, flopping down on to her elbows as her boyfriend carried on shafting her. Just as I saw his buttocks clench and thought he was about to come inside her, he pulled out and sprayed streams of spunk all over her arse cheeks. It was incredible.

That set Duncan off too, and he approached the bed and, giving his cock a final tug, sprayed his wad of come over her arse too. Before I knew what I was doing, I was at the bed and, taking my fingers out of my juicy cunt, I grabbed Cherry's arse, making her fleshy cheeks wobble, and frantically started to lick and nibble at them, tasting the combined sperm of her boyfriend and my husband. She wriggled with pleasure as I ate all their come.

Of course, that set me off too, and there I was diddling with my clit as I licked and sucked her bum cheeks, while Cherry was doing the same. Duncan couldn't believe his luck as he watched the horny sight.

Cherry and I didn't go all the way then, although we did fuck each other frequently after that. Now, Duncan and I regularly have swapping sessions with Cherry and her boyfriend. The time I finally got fucked by that monster cock was something else, I can tell you! - *Helen, Darlington* ♣

TAKE OFF Eric thrusts his massive equipment into Hollywood's most voluptuous starlets. Huge gravity defying knockers, dripping wet, steamy close-ups and pin-sharp quality.

THE LOOKING GLASS A raging nympho ultimately succumbs to depths of carnal lust that borders on the supernatural. She takes on the most evil looking studs in her frenzied search for satisfaction.

Mandy

"I work so hard at my job that when I take a break I get as far away from everything as possible," confesses our soft skinned American. "So I go right out into the wilds for a spell. I feel so isolated and I can spend hours getting to know my body and reawakening all the pleasures that I can give myself; the ones you forget when you're used to a guy giving you all your pleasure.

"I take the bare minimum of luxuries. No television, no telephone, no car and not even a guy. But I never forget my little vibrating friend....there are limits to how close to Nature a girl can go!" ♣

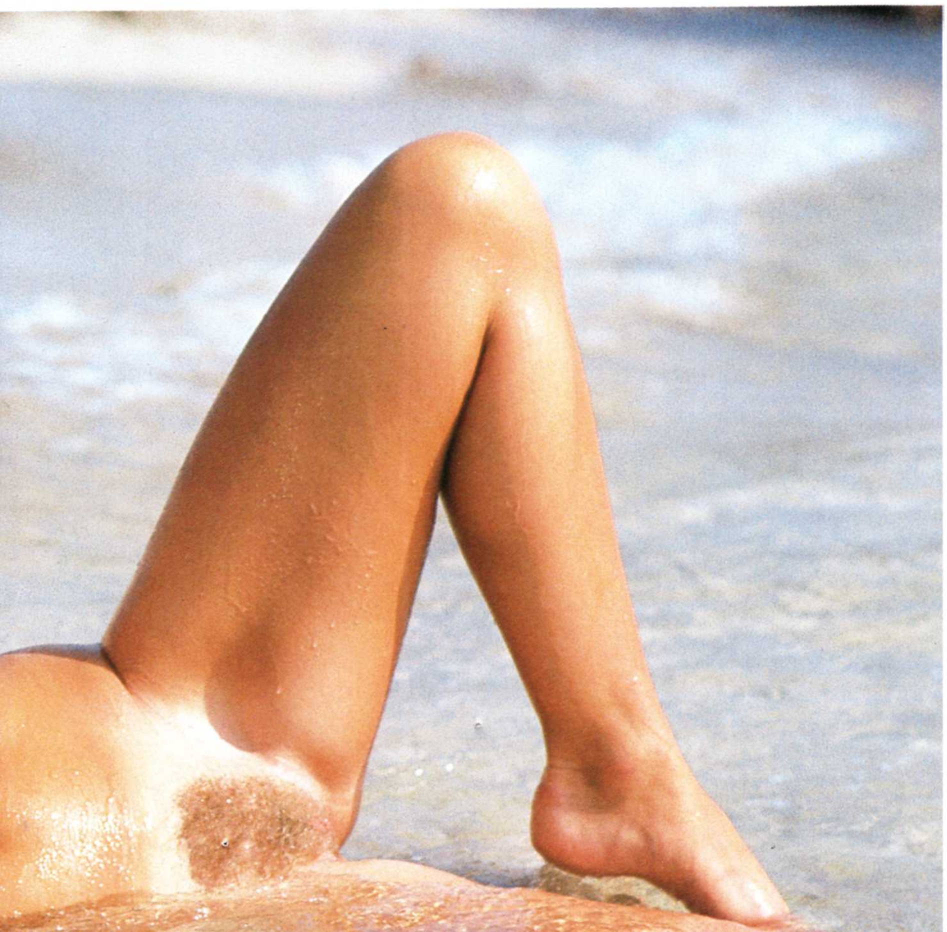
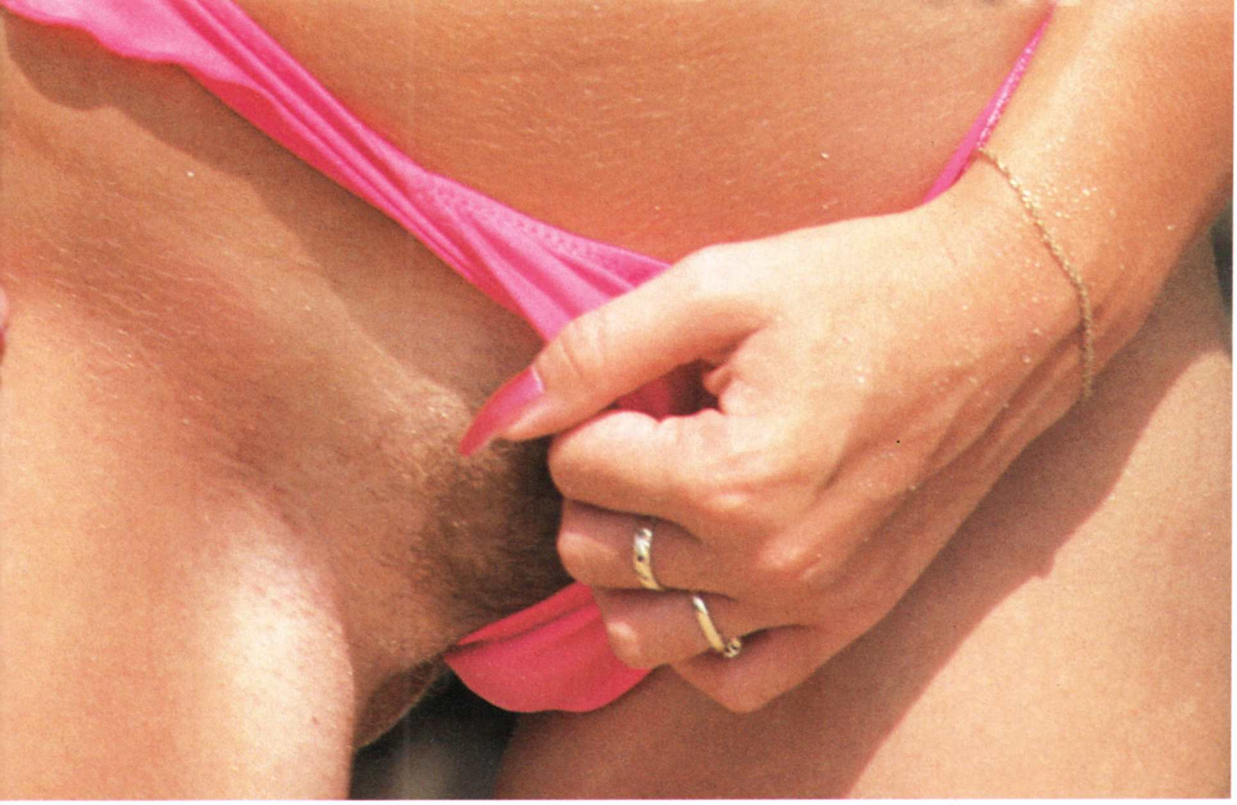
EXIS



Photographs by Jon Bernard

We couldn't help noticing that Alexis has a rather wonderful pair of boobs but she was keen for us to pay as much attention to her bouncing bronzed bum.

"I know that the first thing a guy sees is my tits pushing out at him. Hardly surprising really, they are rather a big handful," gushes our golden haired Mancunian, as she lifts them up to prove her point. "But look at my bum. That's what I wish a few more guys would notice. I love it when a guy wants to screw me from behind then rubs my bottom



cheeks until they're all smooth and red hot.

"Being on the beach gives me a chance to show it off to its best. Just wearing a little G-string lets the guys get a really good look at my best bit wiggling for them. And I always go topless, so everyone gets what they want!"♣

COMING IN club

DON'T SULK!

Very moody girl, this Suki. Told her she couldn't appear in the magazine until Christmas and she went all pouting and sulky on us. Which is silly, because our last magazine of the decade will be our best ever - no question. We've saved up all the horniest girls to appear, and there'll be freebies and pull-outs and girls of the year and the very best of Andrea Clarke and everything! Golly - it's so good it might explode!!

MUCH BETTER THAN HOLLY AND ALL THAT CRAP

IN·THE·BAG

continued from page 41

or six minutes I began to feel my orgasm arriving. My moans of delight changed to involuntary squeals of increasing frequency. Simon, sensing my impending climax, began thrusting his cock in and out as fast as he could. Suddenly my orgasm gripped me. Somehow I realized the need to silence myself and I bit into Simon's shoulder as his cock exploded inside me. His shaft throbbed as he emptied his balls and I made muffled shrieks of delight as I gripped his muscular shoulder with my teeth during one of the longest, and most violent, climaxes of my life.

We both breathed heavily as we stood there recovering, his capable little cock sagging and me with spunk and my own love-juice dripping from my pussy. Then we had to dress and leave quickly as someone began tugging on the door. Waiting there as we left was the boss's attractive young secretary. I had tidied my clothes but there was no mistaking my flushed and radiant appearance and she smiled knowingly at me, so I gave her a wink and walked past her, grinning like the proverbial Cheshire cat.

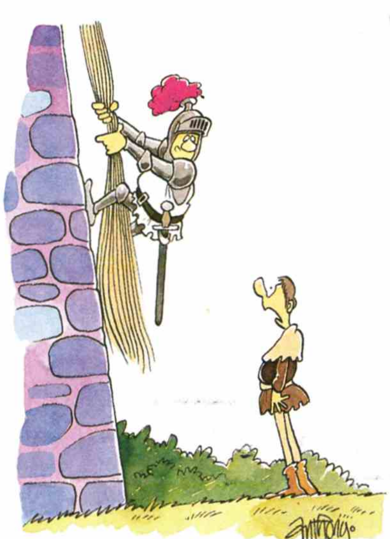
Since that day I have had Simon countless times in my flat but it would take a whole magazine to do justice to those sessions; so it remains only to congratulate you on your excellent publication. I love reading it to work myself up before Simon or Sally (my current female lover) come round to satisfy my needs. - Maria, Berks

Cover Plus!

I just have to write to tell you what an absolutely fantastic, mouth-watering, totally erection-making cover you had for Vol 18 No 8, with the seductive, sensational Julianne looking as if she was watching me about to shoot my cock-cream all over that inviting soft cleavage. She oozes lust and desire and the hint of nipple is enough to make me come without even opening the magazine.

When I did open it, going straight to the centre pages, Julianne delivered what her picture promises on the cover. She shows nipples that she has surely been playing with - I have never been so excited by a girl's tits. As I wanked myself off I just thought of sucking and nibbling those delicate, tender buds of passion. The same goes for all Julianne's pictures. I could get off looking at her face, her tits, and of course, that incredible, chewy fanny. I can just imagine nibbling those fleshy lips, making her juices dribble over my tongue.

The pleasure of coming over Julianne was definitely doubled by that incredible come-on on the cover. Please do it again - and again, and again! - Gerry, Nottingham ♣



I'm not surprised she's screaming for help... that's her pubic hair!

APOLOGY

On behalf of the entire staff of Club International, I would like to offer my sincere apologies for not having anything to apologise for this month.

We realise that this is not a satisfactory situation and we are doing absolutely everything in our power to remedy it. More importantly, we are using this as an excuse to go through everyone's drawers and poke our noses into the bundle of "worn and warm" feminine underwear festering in the Art Editor's desk.

All employees are being thoroughly questioned. "Will you sit on my face and wiggle a bit while I slip my tongue into your squishy bits?" was a favourite question with the secretaries, but we haven't turned up anything new as yet. If we find anything at all to apologise for, we'll let you know. - *Ricky Fuckface*

On behalf of all the people who made up that last apology, I would like to apologise for the name credited at the end of the article. We do not in fact have a member of staff called Ricky Fuckface, so I can only assume that this was some sick pervert's idea of a 'joke'. Rest assured such an incident will not happen again. - *Arnie Dogbollocks*

On behalf of *(Oh shut up - Ed.)*

Look out for another great Club apology next month! ♣

A POSITION OF MY OWN

Every issue a Club correspondent discusses the position that has given him most pleasure over the years. This month, our towering trougher **Nathaniel Fatbastard** *lies back and enjoys it.*

I must admit that when the Editor of Club first rang asking me to write this column, I was tempted to tell him to get lost. You see, unlike Club's other titillating tat writers, I'm something of a celebrity, and always being approached to bare my soul and expose the private parts for public consumption.

As regular readers know, only a few months ago I was interviewed by Lynda Lee Shitter for her 'Me and My Kharsi' column in *Volvo Estate* magazine. This was followed immediately by a similar piece called 'One Man and His Bog' for a downmarket periodical imitating *Country Life*, entitled *Lively Cunt*. Then TV's Gross Rhoidman wanted to take an entire film crew up my back passage and into my darkest recesses for a show called *'Through the Arsehole'* or something. In short, there aren't many bits of me left that media folk haven't got their hands on and sucked dry.

Then when the Editor told me it was about shagging, I changed my mind. You see, as well as being a bon viveur and an expert on haute cuisine, I'm also something of a sex symbol in culinary circles. Many a piece of crackling has spotted me in the corner of some restaurant and been unable to resist getting my pork between her chops. And since you ask, I suppose that would have to be my favourite position - at a table by the window in the River Room of the Saveloy Hotel (45, The Strained, London WC2), rounding off a seven course lunch with a five-star unleaded Napoleon brandy in one hand, a cake-sized wedge of Stilton in the other, and one of the waitresses with her smackers round me knackers under the monogrammed starched white tablecloth.

You can forget the missionary position. After ten pints of Hoffsbrauberg Super Special (£1.50) and an Indian take out, all that humping up and down will have you honking like a truck in traffic. I've never been a fan of the doggy position either - show me a girl who can eat and drink all night, then get on all fours without farting, and perhaps I'll change my mind.

Nor do I believe in swinging from chandeliers. If you haven't impressed her with the salt and pepper set, you won't improve your chances twirling round the towel-rails like a demented Olga Korbut. And as for those weirdos who like wearing oilskins, waders and shouting "Thar she blows!" on orgasm - they should be locked up. Trouble is, they'd probably enjoy it.

No, you can put away the Kama Sutra, and save it for the kids' Christmas party (I always tell them it's a new version of Twister).There's only one acceptable sexual position - lying on your back on the Humperland Posture-Sprung whilst your latest conquest bounces up and down, riding your plonker like the 10p spaceship outside Tesco's.

The advantages are numerous. Firstly, she has to do all the work - only fair after you've paid for the meal and the alcohol. Secondly, you can watch her tits bouncing up and down - or if they're really big, side to side as well. It's amazing they don't come off and splatter against the wall like blancmange. Walt Disney was right - Dame Mother Nature is fucking magic.

But best of all, this particular posture leaves your hands free to finish off the bottle of Famous Grout Scotch (£10.99), and at the same time phone for a pizza from one of those places that send a spotty YOP-schemer on a Honda carrying one Super Spicy with Everything (including the smell of two-star as an added extra) for under a fiver. Then, after she's answered the door and is back on your pubic pillion, you can munch your way through it, shouting words of encouragement like, "That's it, darling, deep as you like!" The girls always love it.

One culinary note. If, by any chance, she wants you to give her furry facecloth a tongue-lashing later in the evening, plump instead for the Pizza Shed Seafood Special with Extra Anchovies (£4. 50). After one of those, fanny tastes almost acceptable. ♣
